# OUR VISION

Our vision is to have portable drinking water throughout the ward, standard Hospitals, accessible roads across the villages of Manjekin, Electricity, adequate security and other social facilities that make life meaningful for us.

## MESSAGE FROM THE COUNCILLOR

**Hon. Aliyu Gare**  
(Councillor Manjekin Aug.  
2016 - Aug. 2018)

It is with great pride that I present the first ever Manjekin Ward Development Plan. This plan shows that the people of Manjekin came together in order to discuss their development aiming at peace and harmony for future generations.

The insurgency brought a lot of pain and grief to our communities. Lives were lost and properties burnt. It is now time to jointly work on overcoming the grief and improving our living conditions.

I am grateful to God that with the Community Development Process, we have started to foster development through joint discussion and decision making. This plan is the tangible result of this first step.

## MESSAGE FROM THE VILLAGE HEAD

**Bulama Musa Gare**  
(Village Head Manjekin since 2017)

The insurgency has dramatically changed our lives. But despite the poverty and grief we are facing, we are now ready to engage and invest in a better future. The Community Development Process has brought us together as a community and has shown us how through a joint vision and an inclusive approach we can change our ways of living and develop

our communities: socially, economically and politically. It is important to pass this “CDP message” on and work together towards more development.

# ABOUT THIS WARD DEVELOPMENT PLAN

Maiha LGA is one of the 7 Local Government Areas of Adamawa State that suffered the Boko/Haram menace in 2014. Apart from destruction of physical infrastructures such as schools, water points, health centers etc. in the local government, people were killed and displaced just as many fled to safety. The physical and psychological trauma of the Boko Haram menace required concerted efforts for the victims' full recovery.

Against this background, the Local Government and the Traditional Leaders of Maiha LGA have put the reconstruction and long-term development based on the needs of the local population as their priority. With the support of the GIZ programme "Support to Strengthening Resilience in North-East Nigeria" (funded by the European Union and the German Federal Ministry of Economic Cooperation and Development), they have started the Community Development Planning (CDP) process, which aims at bringing together various community actors, vulnerable groups, women and men of different ages and socio-economic background at ward level to plan for the development of their communities through a participatory bottom-up planning process.

The CDP process has provided the opportunity for the community stakeholders to come together under one umbrella to discuss and analyze their livelihoods, including problems, causes, strategies and potentials that could help in solving them. It is a capacity building process where members of a community are active participants in their problem identification, analysis of developmental issues affecting them and brainstorming on solutions to solve the problems while putting the peculiarity of their communities in the center of all the efforts.

While stakeholder sensitization, ward analysis and community mobilization played a crucial

role in the CDP process, the Community Development Planning Session itself was the heart of the process. This 4-day session is akin to the village/town meetings where members of the community come together to discuss issues that affect their development and plan activities to overcome those development gaps. The major objectives of the CDP Session are:

- To provide an opportunity for different socio-economic groups to discuss and analyse their livelihoods, including problems, causes, strategies and potentials within the community that could help them solve these problems
- To build people's capacity to participate more actively in development issues affecting them as individuals and their community as a whole
- To create a platform, where the people can discuss with their political and traditional leaders
- To identify and prioritise the needs of the community

Participants of the CDP Session were carefully selected cutting across all demographics and socio-economic groups within the ward including vulnerable groups such as IDP, persons living with disability and orphaned children.

The CDP session was facilitated by the Governance Component of GIZ's Resilience Programme and their Civil Society Organisation (CSO) partner; Clear View Integrity Foundation (CVIF), together with other members of the CDP team such as state/local government officials as well as traditional leaders who supported and guided the process .

The tangible result of the Humbutundi CDP process and especially the CDP Session is this Ward Development Report. The report and its content was validated through the representatives of Manjekin ward.

**DISCUSSION ON JOINT VALUES**

# EXECUTIVE SUMMARY

On 1st May, 2018, the ward development planning session started in Manjekin at 8:00am with the registration of participants. Among the participants were the honorable Commissioner for Information, three Permanent Secretaries, representative of the Mayo-Nguli District Head, the 6 Village Heads of the ward and 28 heads of settlement.

We see development as “the general improvement of our living status beyond our present living conditions”, and planning as a process of generating ideas and identifying steps to achieve development.

In Manjekin our stakeholders are our Political & Traditional leaders, Security Forces, Civil Servants, Entrepreneurs, the Civil Society and everyone desirous of development within the ward, with varying roles and responsibilities ranging from Policy making and implementation legislation, law enforcement and protecting lives and properties, Maintaining peace, supporting government’s effort in achieving development.

Our shared values are Unity, Respect for one another, Hospitality, Hardwork, Tolerance helping each other, Peaceful co-existence, truthfulness, honesty, Justice, education, humility patience, sympathy, Love for one another, Discipline, Equity and justice, Forgiveness, Patriotism, Hospitality, Support for orphans / widows,

Our resources are Abundant arable farm lands, Economic trees such as Locust bean, Tamarin, Shea butter, Clay for Pottery, Limestone, Plaster Sand, Precious stones. The ward has one Government Secondary School, a Clinic as well as few functional boreholes and small lock-up provision shops across the ward.

The challenges we face in our efforts to achieve development are; Insufficient funds,

**PRESENTATION OF GROUP WORK**

Corruption, Ignorance, Unemployment and Insecurity in our ward. To overcome this challenges, we must unite, everyone must get involved, Businesses must be encouraged, our children must be enrolled in schools and the standard of education improved, small business should form cooperative to work together to achieve growth.

We are constraint by lack of access roads to major villages like Vokuna as well as damages to the only tarred Mubi -Maiha road which run through Pakka, in addition to lack of a bridge across river Vokuna which deprives that community from access to Hospital in Mubi or Pakka especially at peak of rainy season. Health centres in places like Vokuna, Pakka, Furama'ane, Pegin and Madka are ill equipped and under-staffed, just as schools have few classrooms, damaged furniture needing urgent attention. We suffer general lack of mobile services networks and experience difficulties in communication. Also limiting us is the lack of funds to carry out developmental projects, corruption and greed by those in power, unemployment, absence of a defined constitutional role and responsibilities for the leaders, disunity and poverty among our major challenges.

## MANJEKIN AT A GLANCE

- Manjekin is under Mayo Nguli ward
- The villages in Manjekin are Wuro-bokki, Dafura, Jalingo bur, Salma-modibbo, Wuro-kawu, Manjekin, Wuro-Ali, Bakkawo
- The major languages in the ward are Hausa, Fulfulde and Gwanye
- The estimated total number of people in Manjekin is about 21,476
- Its 4km away from the local government capital of the ward
- Economic activities in general Fishing - Tilapia, cat fish from the river

# THIS IS OUR WARD\*

Manjekin is four kilometres (4km) away for the Local government capital Maiha, the estimated walking time is 10 mins, by car its 3 mins and 5 min by Keke napep. The villages in Manjekin are Wuro-bokki, Dafura, Jalingo bur, Salma-modibbo, wuro-kawu, Manjekin, Wuro-Ali, Bakkawo

## GEOGRAPHIC INFORMATION

Manjekin is four kilometres (4km) away for the Local government capital Maiha, the estimated walking time is 10 mins, by car its 3 mins and 5 min by Keke napep. The villages in Manjekin are Wuro-bokki, Dafura, Jalingo bur, Salma-modibbo, wuro-kawu, Manjekin, Wuro-Ali, Bakkawo

## DEMOGRAPHIC INFORMATION

The estimated total number of people in Manjekin is 21,476 this excludes internally displaced persons. There are about 5033 households, 4230 headed by men and 803 headed by women in Manjekin with over 249 disabled persons.

## TOTAL POPULATION BY AGE GROUP

Population (Excluding IDPs)	Children 0 – 14 yrs		Youth 15 - 24 yrs		Youth 25 - 35 yrs		Adults 35 - 59 yrs		Adults 60+ yrs		<b>TOTAL</b>
	F	M	F	M	F	M	F	M	F	M	
	4,832	4,327	2,348	1,773	1,888	1,577	1,818	1,400	780	733	

Households	Number of Households		
	HoHH: F	HoHH: M	<b>TOTAL</b>
	803	4320	<b>5033</b>

Population with disability	F	M	<b>TOTAL</b>
	134	115	<b>249</b>

Number of Child Headed HH	F	M	<b>TOTAL</b>
	202	369	<b>571</b>

\* The following information was collected through the ward analysis which is an integral part of the CDP process. The information gathered in this exercise helped to better understand the ward but does not make any claim to be accurate or complete.

## ECONOMIC SITUATION IN THE WARD

Some of the common economic activities in the ward are Fishing (catfish and Tilapia) Crop Production - they produce maize, beans, cocoa yam, g/corn, soya beans and rice. other crops grown are - potatoes, cassava, onions, vegetables, mangoes, banana, Sugar Cane. Animal rearing - they rear cattle, sheep, goats, birds, turkey, duck, rabbit. Further classified are the common economic activities practiced by men and women of different age grades within the ward.

### ECONOMIC ACTIVITIES OR EMPLOYMENT COMMONLY PRACTICED BY MEN

Age Grade	Skilled Labour	Unskilled Labour
15 – 24 years old	Tailoring, Auto Mechanic, Welding, Motor cycle driving	Fire wood sales, sugarcane, sales
25 – 59 years old	Carpentering, Bricks and block laying, Vulcanizing, motor cycle/keke riding	Mat weaving, cap making, farming
Older than 60 years		Farming

### ECONOMIC ACTIVITIES OR EMPLOYMENT COMMONLY PRACTICED BY WOMEN

Age Grade	Skilled Labour	Unskilled Labour
15 – 24 years old	Tailoring	Sales of vegetables, snacks and cooked food (fast foods)
25 – 59 years old	Knitting of cardigan and caps	Groundnut oil processing
Older than 60 years	Nil	Farming, selling of Groundnut

## ESTIMATED HOUSEHOLD INCOMES

Average household incomes (in Naira)	Per day NGN	Monthly NGN	Annual NGN	Estimated number of Households
The most vulnerable Household	150	2,500	30,000	2,439
Moderately well off Household	400	8,000	100,000	317
Well to do Household	750	20,000	230,000	75

## OUR VALUES

Below are the list of values we cherish and promote as a ward:

- Unity among the ward members
- Love for one another
- Respect for one another
- Equity and justice for all
- Tolerance
- Helping each another
- Peaceful co-existence
- Youth education
- Speaking the truth (truthfulness)
- Sympathy and kindness
- Discipline across all ages especially youth
- Sharing ideas among ward
- Generating and giving good advice
- Patriotism
- Forgiveness
- Honesty
- Humility and Patience
- Hospitality
- Support for orphans / widows
- Hard work

## OUR STRENGTH

We have resources and can exploit them to achieve development in our ward they include :-

Natural Resources	Location
Arable farm land	All over Manjekin
Economic trees	All over Manjekin
Clay for Pottery	All over Manjekin
Limestone	Salma & Markin
Sand for moulding of blocks	Markin
White plaster sand	Manjekin
Precious stones	Wurro-Bokki
Potash	Maude,Lambai and Dafra

Social Resources	Economic Resources
Government Secondary School	Lock-up provision shops
Primary Schools	Livestock
Boreholes	Bridges
Health Centres	Blacksmiths
Earth (Dam now sand-filled)	

## OUR WEAKNESSES

Some of the challenges we face in our pursuit of development are insufficient funds for projects within the ward, corruption and nepotism, duplicity of roles and power clash between the leaders, difficulty in rallying for support from the government, lack of understanding between the government and the civil society.

Poorly equipped hospitals and Shortage of manpower, corruption in civil service, poor remuneration of local government staff and absence of motivation; Insecurity, Illiteracy, Unemployment among the youth; Poverty. These problems we further clustered into thematic areas ranked them, identified solutions and proposed next steps.

**PRIORITY VOTING  
IN PLENARY**

# OUR VIEW ON DEVELOPMENT

Development is a growth directed change, it is the process involving the application of new ideas to practical problems. We believe that everyone with a legitimate interest in the growth and development of the ward is a stakeholder and has a contribution to make towards achieving a developed Manjekin.

These stakeholders range from political & traditional leaders, civil servants, teachers, wealthy business men, farmers, tradesmen, vigilantes, religious leaders, security forces to civil society and the general public.

Some of their responsibilities include:

- To make policies and legislation
- To ensure the implementation of the policies
- To keep the peace in the community by settling disputes
- To protect lives and property
- To respect laws and support government policies

**PRIORITY VOTING  
IN PLENARY**

# OUR PRIORITIES: PROBLEMS, SOLUTIONS AND ACTIVITIES

To better understand our development needs, we collected, discussed and prioritised the problems in the ward that need our urgent attention.

The table below show the prioritization of problem sectors that came out of our voting process which was conducted in the plenary of the CDP Session.

These challenges are clustered in 7 major thematic areas. They are (i) Water and Sanitation, (ii) Economy; (iii) Agriculture and Food Security; (iv) Education; (v) Security & Public safety (vi) Health (vi) Social Protection.

## VOTING IN PLENARY\*

Sector	Votes	Rank
Water & Sanitation	117	1st
Economy	96	2nd
Education	39	3rd
Agriculture	37	4th
Health	11	5th
Public Safety	6	6th
Social Protection	3	7th

Following the prioritization of our most pressing problems and needs, we sat together and analysed the causes of these problems. And we didn't stop here: out of the causes, we were able to identify possible solutions to these problems and proposed activities, how to tackle the difficulties. Our recommendations address us as private community members, but also our leaders and political institutions.

In the tables below, you find a summary of our discussion.

**VOTING IN PLENARY**

\*

Every participant got 3 stones and was free to distribute these stones on the identified problems within their respective sector in order to emphasize the person prioritization.

# WATER AND SANITATION

PROBLEMS & CAUSES	SOLUTIONS	ACTION POINT
<b>Lack of portable drinking water</b> <ul style="list-style-type: none"> <li>Insufficient clean water</li> <li>Few boreholes available</li> </ul>	<ul style="list-style-type: none"> <li>Drill Boreholes in the following communities: Hubare, Wuro Jabbe, Gadamayo, Jalingo Gada, Markin Gwaba, Luggere, Kirigrinya, Bichel, Layinde Gashiga Buhu, Bichel Kwambwaon, Ibbiri, Wuro Mallum, Wuro Bwande, Rijiga</li> <li>Repair boreholes in the following locations:               <ol style="list-style-type: none"> <li>One(1) each in Dafura, Salma Daniel, Jalingo bu, Mubuki lai, Paiwawol Wuro bokki, Masmin, Wuro kawu, Manjakin, Yola kwahe , Kwabaon layi</li> <li>Two(2) each in Gashiga &amp; Wuro ardo tukur</li> </ol> </li> </ul>	<ul style="list-style-type: none"> <li>Community members can unite, mobilize and request the government to drill more Boreholes in the ward</li> </ul>
<b>Dirty environment around boreholes premises</b> <ul style="list-style-type: none"> <li>Poor Sanitation habits</li> </ul>	<ul style="list-style-type: none"> <li>Sanitize environment around boreholes</li> </ul>	<ul style="list-style-type: none"> <li>Community members should regularly engage in cleaning /sanitizing water sources and their environment</li> </ul>
<b>Lack of maintenance of existing boreholes and repairs of damaged boreholes</b> <ul style="list-style-type: none"> <li>Indifference to taking care of public properties</li> <li>Relying on government for simple repairs of boreholes</li> </ul>	<ul style="list-style-type: none"> <li>Prompt interest , monitoring and repair of damaged boreholes</li> </ul>	<ul style="list-style-type: none"> <li>Members of community should unite tax /Contribute money to repair damaged boreholes</li> </ul>

PROBLEMS & CAUSES	SOLUTIONS	ACTION POINT
<p><b>Prevalence of water borne diseases like typhoid, cholera etc.</b></p> <ul style="list-style-type: none"><li>• Failure to observe simple hygiene around sources of Water and in the environment</li></ul>	<ul style="list-style-type: none"><li>• Practice hygiene such as sanitation of water environment, boiling water before use</li></ul>	<ul style="list-style-type: none"><li>• Community members should embark on sensitization and educating members on simple hygienic practices</li></ul>

# ECONOMY SECTOR

PROBLEMS & CAUSES	SOLUTIONS	ACTION POINT
<b>Poor access roads ( lack of Tarred road)</b> <ul style="list-style-type: none"> <li>Roads not constructed</li> <li>Neglect by government</li> </ul>	Construct ( tarred ) roads from Manjekin to: <ul style="list-style-type: none"> <li>Jalingo</li> <li>Salma Modibbo</li> <li>Kwambaon/Hubare</li> <li>Bakkawo</li> </ul>	<ul style="list-style-type: none"> <li>Stakeholders of Manjekin Ward should request for the construction of roads form the government.</li> </ul>
<b>Lack of Electricity</b> <ul style="list-style-type: none"> <li>Community did not press the government very hard for it</li> <li>Government failed to make it a priority in the ward</li> </ul>	<ul style="list-style-type: none"> <li>Provision of Electrify in the villages in Manjekin ward.</li> </ul>	<ul style="list-style-type: none"> <li>Community stakeholders should ask the government vigorously for electrification of the ward</li> </ul>
<b>Lack of Industries, Banks/Credit facilities in Manjekin ward</b> <ul style="list-style-type: none"> <li>Poor access roads to facilitate location of industries in the ward and non-exploitation of natural resources</li> </ul>	<ul style="list-style-type: none"> <li>Construct access roads that would attract industries so as to exploit natural resource</li> </ul>	<ul style="list-style-type: none"> <li>Government should construct access roads in Manjekin and exploit the natural resources in the ward</li> </ul>
<b>Lack of a bigger standard market</b> <ul style="list-style-type: none"> <li>Lack of unity by manjekin communities</li> <li>Central location for the market not identified</li> </ul>	<ul style="list-style-type: none"> <li>Construct standard market in Manjekin and salma galdi,</li> </ul>	<ul style="list-style-type: none"> <li>Stakeholders of Manjekin should unite, mobilise and identify a central area and construct a standard market</li> </ul>

PROBLEMS & CAUSES	SOLUTIONS	ACTION POINT
<b>Lack of skill acquisition centres and absence of skilled trades</b> <ul style="list-style-type: none"><li>Skill acquisition centres not established and trade skills not acquired</li></ul>	<ul style="list-style-type: none"><li>Establish skill acquisition centres</li><li>Acquire trade skills</li></ul>	<ul style="list-style-type: none"><li>Government should establish skill acquisition centre</li><li>Members of community should acquire trade skills</li></ul>
<b>High rate of unemployment among youth</b> <ul style="list-style-type: none"><li>Lack of available jobs /employment</li><li>Lack of commensurate skills for</li><li>Laziness on part of the youth</li><li>Absence of will power to look for employment</li></ul>	<ul style="list-style-type: none"><li>Make jobs available and employ youth</li><li>Acquire skills</li><li>Youth should develop hard work</li><li>Youth should have the zeal for work</li></ul>	<ul style="list-style-type: none"><li>Government should make jobs available for youths</li><li>Youth in the community should acquire skills</li><li>Youth should shun Laziness and work hard</li><li>Youth develop the zeal to work and become independent</li></ul>
<b>Difficulty to transport patients to hospitals from some communities</b> <ul style="list-style-type: none"><li>Poor access roads</li><li>Roads are damaged especially at rainy seasons</li></ul>	<ul style="list-style-type: none"><li>Construct access roads</li><li>Effect maintenance of damaged roads</li></ul>	<ul style="list-style-type: none"><li>Lobby Government to construct the roads</li><li>Members of community to organize periodical maintenance of roads through communal labour</li></ul>
<b>Difficulty in transportation of foodstuffs/ Livestock to the markets (added cost of production)</b> <ul style="list-style-type: none"><li>Poor access roads</li><li>Roads are damaged during rainy seasons</li></ul>	<ul style="list-style-type: none"><li>Construct access roads</li><li>Effect maintenance of damaged roads</li></ul>	<ul style="list-style-type: none"><li>Members of community to organize periodical maintenance of roads through communal labour</li></ul>

# EDUCATION SECTOR

PROBLEMS & CAUSES	SOLUTIONS	ACTION POINT
<b>Insufficient number of Secondary Schools</b>	<ul style="list-style-type: none"> <li>Establish more secondary schools</li> </ul>	<ul style="list-style-type: none"> <li>Government should establish more secondary schools in Manjekin ward.</li> <li>Community should unite and lobby for more secondary schools in Manjekin ward</li> </ul>
<b>Over- crowded class room</b> <ul style="list-style-type: none"> <li>High population of students due to few schools around</li> <li>Inadequate classrooms</li> <li>Dilapidated or damaged classrooms</li> </ul>	<ul style="list-style-type: none"> <li>Establish more school to reduce population</li> <li>Construct more classrooms in the following areas; manjakin secondary school, gashiga, salma geldi, wuro kawo, kwambaon, salma modibbo, dafura, matsumin.</li> <li>Effect maintenance of damaged classes in all the schools</li> </ul>	<ul style="list-style-type: none"> <li>Government should establish more schools in the area</li> <li>PTA,/Community should collaborate and construct more classrooms and renovate dilapidated classes</li> </ul>
<b>Insufficient number of teachers</b> <ul style="list-style-type: none"> <li>Non-recruitment of more teachers</li> <li>Poor condition of teachers salary</li> </ul>	<ul style="list-style-type: none"> <li>Recruit/Employ more teachers</li> <li>Improve teacher's salary /Condition of service</li> </ul>	<ul style="list-style-type: none"> <li>Government should employ more teachers</li> <li>Government should improve teacher's salaries</li> <li>Community /PTA should assist teachers in their ward</li> </ul>

PROBLEMS & CAUSES	SOLUTIONS	ACTION POINT
<b>Insufficient number of qualified teachers</b> <ul style="list-style-type: none"><li>• Non-recruitment of qualified teachers</li><li>• Poor condition of service</li></ul>	<ul style="list-style-type: none"><li>• Recruit more qualified teachers</li><li>• Improve teacher's condition of service/ Salary</li></ul>	<ul style="list-style-type: none"><li>• Government recruit more qualified teachers</li><li>• Community/PTA to make life more comfortable by assisting /supporting teachers through token financial assistance, free accommodations, etc.</li></ul>

SOLUTION TABLES**

# THIS IS HOW WE FOLLOW UP

At the end of the first ever CDP session in Manjekin a follow up Committee comprising representatives from the seven village units within the ward namely Wuro-bokki, Dafura, Jalingo bur, Salma-modibbo, Wuro-kawu, Manjekin, Wuro-Ali, Bakkawo was established also appointed by us was a committee Chairperson and Secretary. Functions of the Follow up Committee include:

- The committee will meet with development partners & government agencies to discuss further modalities on the development within the ward

- To report back to their respective community's/villages on the progress or otherwise or project activities and also updating the community on the issues discussed at the various meetings held with development partners
- They will be a feed-back mechanism to development partners by bringing the views/perception of their respective villages on the matters arising
