WDC:	Ward Development Committee.
WPSC:	Ward Project Supervisory Committee

OUR VISION

We envision having standard secondary schools and tertiary institutions established as well as seeing our primary healthcare centres developed into modern hospitals with qualified doctors, nurses and consultants. We also want our ward to have good and accessible road networks and our youths who are unemployed to get good job opportunities in the future. Lastly, we have a vision of having Senators, Members House of Representatives, Members House of Assembly and Governors from our ward.

MESSAGE FROM THE COUNCILLOR

My name is Honourable Rufus Irmiya (Councillor Yang ward); I was born on the 14th October 1985 and was brought up in Yang. I had my primary school education in the year 1991 to 1996 at Yang Gari Primary School and then proceeded to GDSS Fotta in the year 1997 to 2002. I further went to Federal Polytechnic Mubi from 2009 to 20011 where I had my Diploma. After my Education, I joined politics and served as PDP Party Secretary in Yang ward. I am passionate about politics and helping people.

Yang ward consists of people of different backgrounds living together, peacefully. The Community Development Planning came at the right time for my people as it created awareness and stimulated collective thoughts from people of different socio-economic and religious backgrounds to reflect and discuss our development and challenges in an atmosphere of mutual respect without any fear or regard to position or gender.

The CDP session is a unique process that happened here for the first time. Yang ward is the farthest ward from Gombi Local Government headquarters with many challenges that affect our development. Some of these problems include bad road network, poor quality of education, lack of modern hospitals and potable drinking water among others.

My vision is to see Yang ward have standard primary, secondary schools and tertiary institutions established as well as to see our primary healthcare centres developed into modern hospitals with qualified doctors, nurses and consultants. I also want Yang ward to have good and accessible roads and our youths who are unemployed to get better job opportunities in future.

My appreciation goes to the GIZ team and its CSO partner Murmushi Peoples Development Foundation (MPDF) for conducting the Community Development Plan in my ward and to the Federal Government of Nigeria and Adamawa State Government for enabling the CDP process to take place.

MESSAGE FROM THE DISTRICT HEAD OF LALA

My name is Mallam Dahihru Jamilu Musa, (Kubulala) the District Head of Lala district. Yang ward is among the three wards (Duwa, Yang and Boga-Dingai) under Lala district.

The Community Development Planning session was organised to enlighten our people on how to tackle our developmental challenges. Though before the CDP session was organised, our people used to organise periodic communal work for the maintenance and reconstruction of villages or rural roads by contributing money and material resources to repair damaged and malfunctioning infrastructures such as boreholes, schools among others. However, the Community Development Planning session would further strengthen the communal spirit among our people.

This CDP session is a keystone for the development of Yang ward because our people were taught how to provide solutions to their problems and design activities on how to tackle them either directly or through a follow-up committee who would lobby for development projects from government, development agencies and NGOs on behalf of their communities.

The CDP session reminds me of the past political era during the time of President Shehu Shagari (second republic). Politicians used to come down to the villages and ask about our development status or priority needs, but nowadays our politicians make campaign promises that do not reflect the needs or priority of our people. With the coming of the CDP session which has harvested our needs for the next five years, we are confident that the CDP plans produced as an outcome of the CDP session will be utilised by the state, local government and ward leadership. We expect the politicians to come again in the next few years for their political campaign, and when that time comes, we can present our CDP plans to them as the prioritised needs of our people.

With this CDP plan on ground, I hope the desired development and urgent priority needs of my people will be achieved. I want to thank the Federal Government of Nigeria and Adamawa State Government for allowing the CDP session to take place in my district and to GIZ for overseeing the process and MPDF for facilitating the CDP session.

A CROSS - SECTION OF PARTICIPANTS DURING SESSION

DRAMA GROUP PRESENTATION

ABOUT THIS PLAN

Gombi LGA is one of the seven Local Government Areas of Adamawa State that suffered the Boko Haram menace in 2014. Apart from the destruction of physical infrastructures such as schools, water points and health centres in the local government, people were killed and displaced, and many fled to safety. The physical and psychological trauma of the Boko Haram menace required concerted efforts for the victims' full recovery.

Against this background, the Local Government and the traditional leaders of Gombi LGA have put the reconstruction and long-term development needs of the local population as their priority. With the support of the GIZ programme "Support to Strengthening Resilience in North-East Nigeria" (funded by the European Union and the German Federal Ministry of Economic Cooperation and Development). They have started the Community Development Planning (CDP) process, which aims at bringing together various community actors, vulnerable groups, women and men of different ages and socio-economic backgrounds at ward level to plan for the development of their communities through a participatory bottom-up planning process.

The CDP process has provided the opportunity for the community stakeholders to come together under one umbrella to discuss and analyse their livelihoods, including problems, causes, strategies and potentials that could help in solving them. It is a capacity building process where members of a community are active participants in their problem identification, analysis of developmental issues affecting them and brainstorming on solutions to solve the problems while putting the peculiarity of their communities in the centre of all the efforts.

While stakeholder sensitisation, ward analysis and community mobilisation played a crucial role in the CDP process, the Community Development Planning session itself was the heart of the process. This 4-day session is akin to the village/town meetings where members of the community come together to discuss issues that affect their development and plan activities to overcome those development gaps. The major objectives of the CDP session are:

- To provide an opportunity for different socio-economic groups to discuss and analyse their livelihoods, including problems, causes, strategies and potentials within the community

that could help them solve these problems

- To build people's capacity to participate more actively in development issues affecting them as individuals and their community as a whole
- To create a platform, where the people can discuss with their political and traditional leaders
- To identify and prioritise the needs of the community

Participants of the CDP session were carefully selected cutting across all demographics and socio-economic groups within the ward including vulnerable groups such as IDP, persons living with disability and orphaned children.

The CDP process in Gombi LGA was facilitated by the Governance Component of GIZ's Resilience Programme and their Civil Society Organization (CSO) partners: Goggoji Zummuchi Development Initiative (GZDI), Murmushi Peoples Development Foundation (MPDF) Budgeting and Planning Departments of the Gombi LGA, Adamawa State Planning Commission and Ministry of Local Government Affairs. The CDP processes were supported and guided by the local government and traditional leadership

The tangible result of the Yang CDP process and especially the CDP session is this Ward Development Plan. Representatives of Yang ward validated the CDP plan and its content.

EXECUTIVE SUMMARY: KEY FINDINGS AND RECOMMENDATIONS

The Community Development Planning (CDP) session for Yang ward took place at GDSS Yang-Gari from 24th—27th May 2021 with activities taking place in two streams A&B concurrently. The CDP session was attended by a representative of the traditional, political, and religious leaders, women heads of households, social and economic actors, vulnerable groups such as people with disabilities and Internally Displaced Persons (IDPs) from Yang ward.

Yang ward is in the western part of Gombi Local Government. It borders Duwa ward to the east and south, Gabun and Boga / Dingai to the north-east, Shani Local Government to the north and Shelleng Local government to the west. There are many ethnic groups in our ward, but the major ones are Lala and Fulani. The majority of the people practice Christianity and a few people practice Islam. Our people engage in agricultural activities such as the cultivation of Bambara nut, guinea corn, millet, maize, rice, beans, tiger nut and rearing of livestock such as cattle, goats, and sheep. The people of Yang ward practice seasonal farming mainly during the rainy season. The communities in the ward do not have another source of water for the irrigation system used in farming

hence, during the dry season, our people engage in so many other businesses to earn a living.

The Yang ward CDP process enabled us as citizens of Yang ward to dialogue with our leaders and to discuss our problems and proffer possible solutions to them. A joint development vision was created in addition to resources identified by the participants for the development prospects of Yang ward.

In defining our development, we see development as a process of positive growth or getting what we didn't have before. In other words, an improvement in our standard of living. In our community, we consider everybody a stakeholder in development, we especially believe that the political, traditional and religious leaders, economic and social actors have a special role to play in our community development. We identify their roles and responsibilities to include, custodians of culture and traditions, settlement of community dispute, mobilising support for the government at the grass root level, legislation, policy making and implementation, maintenance of law and order among others. Hospitality, respect for elders and traditional rulers, and respect for in-law as well as

FEMALE GROUP DELIBERATES DURING GROUP EXERCISE

valuing hard work are some of the shared values we identified in our ward.

Our ward is blessed with natural, economic, and social resources, such as food and cash crops, markets, retail traders, schools, healthcare centres and viewing centres. On the other hand, we are challenged by the lack of a good road network from Gombi to Yang and other communities within the ward, lack of potable drinking water, lack of hospitals with qualified doctors and nurses, insufficient teachers and classes in primary and secondary schools, cases of kidnapping, armed robbery and banditry, lack of fertilizers and underage marriage of female youth, among other things. The priority needs of our people are health, water and sanitation, and education.

At the end of the CDP session, we selected 22 persons among us to be on the Ward Project Support Committee (WPSC). The CDP session was supported by GIZ in conjunction with a CSO partner; Murmushi People's Development Foundation (MPDF).

YANG WARD AT A GLANCE

- Our ward has 1 District Head, 1 Village Head and 19 Ward Heads.
- There are 19 villages in Yang ward namely Kanjika, Yang gari, Tenah, Tanda, Lobi-lobi, Gajing, Sheno, Dingam, Furkutuma, Furkuma, Koko, Kondusum, Jahim, Fottadutse, Labba, Ganjing, Jera, Jage, Neyya and Furkuma.
- There are different ethnic groups and languages but the major ones are Lala and Fulani.

THIS IS OUR WARD

GEOGRAPHIC INFORMATION

Yang ward is one of the 10 wards in Gombi LGA of Adamawa State and It situated between coordinates 10o 9' 44" N and 12o 44' 24" E. The area is characterized by the typical rainy and dry seasons. The dry season is for a period of 5 months (November to March), while the rainy season is from April to October each year. The annual rainfall ranges from 700 -1,050 mm. The temperature in the area remains high in most parts of the year being as hot as 39°C between March and June. It is cold only between December and January with temperatures ranging from 27°C and 32°C.

The topography is highly rugged and generally undulating, covered by scattered chains of rocky hills at an average elevation 520 meters above mean sea level. The elevation of the land surface generally increases northwards. Yang ward falls within the Sudan savannah belt of Nigeria and the vegetation zone is referred to as cambretaceous woodland savannah. About 70% of the vegetation are grasses and weeds with few scattered woody plants. However, the natural vegetation has been altered by human activities such as cutting trees for fuel, settlement expansion, farming activities, bush burning and rearing of animals.

(Source Google)

DEMOGRAPHICS: POPULATION

In Yang ward, there are many ethnic groups in our ward but the major ones are Lala and Fulani. The majority of the people practice Christianity and a few people practice Islam. Our people were also affected by the insurgency. At the heat of the insurgence, most of the people stayed behind, only a few left and returned. Now young men and women engage in different types of activities just to earn a living. Despite the effects of the insurgency, life seems to have returned to normal. Children are back to school and other activities and businesses have resumed. Young men and women are the dominant age group in our ward. We also have people living with disabilities. There are people of different ethnic groups living together in our ward and many of the people speak Hausa and other languages like Lala and Fulfulde.

SUMMARY OF SOCIO-ECONOMIC SITUATION

In line with the data generated from the ward analysis of Yang ward conducted by GIZ in 2021. Yang people are predominately farmers that cultivate cash crops like Bambara nut, guinea corn, millet, maize, rice, beans, tiger nut and rearing of livestock such as, cattle, goats and sheep. Farming is a seasonal business mainly done during the rainy season. The communities in the ward do not have other sources of water or irrigation systems for farming.

The male-dominated jobs in our community are animal rearing, black market (petrol selling), block making, barbing, carpenter, selling of cell phones, chemist, clock repair, conductor, driving, engineering, fishing, Labourers, mat making, mechanic work, tailoring among others. While our women typically engage in businesses like selling of Akara, weaving, groundnut oil extraction, fish trading, cutting and selling of firewood, charcoal selling, calabash making, cake making, beads making during the market days which has to be on Thursdays and Sundays.

The majority of the people inhabiting Yang ward are low-income earners that live below the poverty line with no access to jobs (employment) or capital to start-up businesses. We only buy and sell in small quantities. Due to this, our monthly income is as little as 5000 to 10,000 naira. According to the data generated from the ward analysis, many respondents are unsatisfied with their living situation based on their current income. The majority of the respondents are very confident that their standard of living will change in the future.

OUR VALUES

Our shared values in Yang ward are hospitality, respect for culture, respect for one another, respect for elders, helping one another, peace and unity, wearing decent clothes, law-abiding, equality, value for tribal marks, respect for the community, respect for in-laws, honesty, being faithful are some of our shared values.

OUR STRENGTH

The table below shows the natural, human, economic, agricultural and social resources in our ward

NATURAL RESOURCES

NATURAL RESOURCES	LOCATION
Hills	Laba
Farmland	Gajinkta, Kondusu, Yang, Furkutuma and Jera.
Trees	Yang, Tsohongari and Tenah.
Aluminium	Furgutuma
Rearing of animals	Yang ward
Farming	Yang ward

ECONOMY RESOURCES

ECONOMY RESOURCES	LOCATION
Market	Tenah, Gajinkta, Kondusun, Laba, Gajing, Sheno.
Shops	Yang ward
Mechanics	Yang gari, Ganjing, Sheno.
Tailors	Yang gari, Furkutuma.
Traders	Yang ward
Chemist shops	Yang gari
Barbing saloon	Yang ward

HUMAN RESOURCES

HUMAN RESOURCES	LOCATION
Business	Yang ward
Iman	Fottadutse and Yang
Pastors	Yang ward

SOCIAL RESOURCES

SOCIAL RESOURCES	LOCATION
Primary school	Kondusum, Yang, Koko, Jera, Tenah, Ganjing, Furkutuma, Dingam, Sheno, Rijo, Lobilobi.
Secondary school	Yang gari and Ganjing.
Churches	Yang ward
Mosque	Yang gari and Fotta dutse.
Primary healthcare centre	Yang gari and Ganjing.
Football pitch	Kondusu, Yang gari and Jera.
Beer parlour	Yang ward
Restaurant	Yang gari, Dingam, Sheno, Kondusum and Ganjing.
Viewing centres	Ganjing, Dingang and Yang gari.

OUR CHALLENGES

Despite the vast and rich resources in our ward, our development is challenged by many problems as summarised in the table below

SECTORS	CHALLENGES
HEALTH	• lack of access to good healthcare service in Yang ward. • Insufficient drugs in Yang and Ganjing healthcare centre. • Lack of a healthcare centre in Labba, Jerah, Tanda, Tenah, Kondusum, Furkutuma, Kajingta, Dingam and Ndugul, Telirre. • Inadequate health workers in all the PHCCs • Lack of qualified health personnel in Yang gari and Gajing.
WATER AND SANITATION	• Lack of potable drinking water in Yang gari, Kajinkta, Sheno, Buga, Dungul, Jilim, Tanda, Talire, Jange, Fotta dutse, Jerah, Bilga, Tenah and Rijo. • Lack of proper care and maintenance of the available hand pump boreholes in our ward • Insufficient drinking water in Furkutuma, Sheno and Ganjing. • Lack of earth dam to feed our animals during the dry season period in Yang ward.
EDUCATION	• Poor quality education of primary and secondary school in Yang ward • Lack of higher institutions like Colleges, Polytechnics and Universities in Yang ward. • Lack of staff quarters in GDSS Yang. • Lack of a conducive atmosphere for newly posted teaching staff to live and work Yang ward • Inadequate classes and furniture in Neya, Koko, Tanda, Laba, Tenah, Fottadutse, Dungul, Dingam, Tenah, Sheno, Yang gari, Rijo and Furkutuma. • Inadequate office furniture Fotta dutse, Gajing, Tenah, Jera, Yang Gari, Rijo, Koko, Dingam, primary schools. • Inadequate learning materials in Yang ward schools. • Inadequate qualified primary school teachers in Dingam, Tenah, Koko, Furkutuma, Sheno, Rijo, Kondusum and Gajing • Poor supervisory mechanism to report the current state of teachers in Yang ward. • Lack of primary school in Bilga
AGRICULTURE /FOOD AND SECURITY	• Lack of adequate farm produce in Yang ward • Conflict between farmers and herders. • Inadequate supply of fertilizers for farming in Yang ward. • Lack of modern seedlings for planting in Yang ward.

SECTORS	CHALLENGES
ECONOMY	• Experience a high rate of accidents in Yang ward. • Low business transaction in Yang ward. • Lack of GSM network service in Yang ward. • High rate of unemployment among youths in Yang ward. • Lack of modern market in Yang Gari. • Lack of banks in Yang ward
SECURITY SECTOR	• High rate of insecurity such as kidnapping, armed robbery and banditry in Yang ward. • Lack of police station in Yang ward. • Land dispute in Gajing Dingam, Tenah, Yang, Tanda, and Fotta dutse,
SOCIAL PROTECTION	• High rate of drug abuse in Yang ward • High rate of rape cases in Yang ward • Early marriage of young girls in Neya. • Lack of orphanage homes in Yang ward. • High rate of violence against women in Yang ward.

PARTICIPANTS LISTENING ATTENSIVELY DURING MARKET PLACE

THIS IS OUR DEVELOPMENT: PROBLEMS AND CAUSES, SOLUTIONS AND ACTIVITIES

To better understand our development needs, we collectively discussed and prioritised the problems in the ward that require urgent attention. The tables below show the prioritisation of problems based on sectors that came out of our internal voting process which was conducted based on gender and age-grade in groups and then in general plenary vote during the CDP session.

The problems identified were clustered into 7 thematic sectors. These sectors are:

- Health
- Water and sanitation
- Education
- Agriculture and food and security
- Economy
- Security
- Social protection

The tables below show the result of our votes based on gender and age grades according to priority needs of each gender and age group:

A. TABLE SHOWING RESULTS OF VOTING BY AGE GRADES				
Sectors	Male 18-30 years	Male 31 years and above	Female 18-30 years	Female 31 years and above
HEALTH	14	09	06	10
EDUCATION	10	03	11	10
WATER AND SANITATION	13	15	10	10
ECONOMY	07	05	05	07
AGRICULTURE/FOOD SECURITY	07	09	07	08
SECURITY	07	0	02	02
SOCIAL PROTECTION	02	1	01	0
TOTAL	60	42	42	47

B. RESULT OF VOTING BY ALL PARTICIPANTS AT PLENARY			
Sectors	Votes	Percentage %	Ranking
HEALTH	53	27.18	1st
WATER AND SANITATION	44	22.56	2nd
EDUCATION	37	18.97	3rd
AGRICULTURE AND FOOD SECURITY	23	11.70	4th
ECONOMY	20	10.26	5th
SECURITY	15	7.69	6th
SOCIAL PROTECTION	3	1.53	7th

After the prioritisation of our problems and development needs, we analysed the causes of these problems and proffered possible solutions and proposed activities on how to tackle them. The problems and their solutions are elaborated in the Problem, Solution and Activity table below.

PROBLEM, SOLUTION AND ACTIVITY TABLE

HEALTH SECTOR

Some of the major health sector problems in our communities include lack of qualified health personnel, insufficient drugs and insufficient health facilities in Yang and Ganjing primary healthcare centres. Adamawa State Health Care Development Agency should post an adequate number of health personnel and supply sufficient drugs and health facilities to Yang and Ganjing (PHCCs). Our traditional and political leaders, WPSC and WASH committees should lobby Health Management Service Board Yola to supply adequate quantity and qualitative drugs, post adequate healthcare personnel and sufficient health facilities to Ganjing and Yang PHC.

PROBLEMS (HEALTH)	SOLUTIONS	ACTIVITIES
We lack access to good health care services in Yang ward. Due to; - Insufficient health personnel in Yang and Ganjing healthcare centre. - Inadequate drugs in our PHCCs in Yang ward	Adamawa State Healthcare Development Agency should post an adequate number of health personnel to Yang and Ganjing Primary Health Care Centres (PHCs). The local government healthcare department and Adamawa State Health Development Agency should supply sufficient and qualitative drugs to our PHCCs	Traditional and political leaders, WPSC should lobby the State Ministry of Health and local government healthcare department to post more health workers to our clinics WDC, community leaders and facility managers should lobby local government primary healthcare department and Adamawa State Primary Health Care Development Agency to supply sufficient and qualitative drugs to our PHCCs
Insufficient drugs in Yang and Ganjing healthcare centre. Due to; - Poor supply and management of drugs - Non-effective supervision of drug usage	Primary Healthcare Development Agency to supply adequate drugs to Ganjing and Yang PHC centres. Community and health supervisors should monitor the use of drugs closely	Community leaders, WDC, facility managers should lobby Primary Health Care Development Agency to supply adequate and qualitative drugs to Ganjing and Yang PHC centres. WDC, health supervisors and community members should monitor drug usage closely in Yang and Gajing PHCCs.

PROBLEMS (HEALTH)	SOLUTIONS	ACTIVITIES
Lack of healthcare centre in Labba, Jerah, Tanda, Tenah, Kondusum, Telirre, Furkutuma, Kajingta, Dingam and Ndugul. Due to; The Ministry of health did not establish health centres in the affected communities	State Ministry of Health and local government health department should establish health centres in the affected listed communities in our ward	WPSC, traditional and political leaders should lobby the State Ministry of Health and primary healthcare department to establish Primary Health Care centres in the affected community in our ward
Inadequate health workers in all our PHCs Due to; - Retirement of many health personnel working in our ward - Lack of recruitment of new staffs in the health sector.	State Ministry of Health, Gombi Local Government Health Care Department should post more health workers to Yang ward	Traditional and political leaders should lobby the State Ministry of Health and Gombi local government health care department to employ and post more health workers to the affected communities listed in our ward
	Adamawa State Health Care Development Agency should recruit new staffs in the health sector and post some to our PHCs.	WPSC, traditional and political leaders should lobby the local government health department and Adamawa State Health Care Development Agency to recruit new staffs in the health sector and post some to our PHCCs in Yang and Gajing.

WATER AND SANITATION SECTOR

We lack potable drinking water in Yang gari, Kajinkta, Sheno, Bulga, Dungul, Jilim, Tanda, Talire, Jange, Fotta dutse and Rijo. Ministry of Water Resources and Development Agencies should drill sufficient boreholes in the affected listed communities. Community and political leaders should lobby the local government works department, Upper Benue River Basin Authority and State Ministry of Water Resources to drill more boreholes in the affected listed areas.

PROBLEMS (WATER AND SANITATION)	SOLUTIONS	ACTIVITIES
Lack of potable drinking water in Yang Gari, Kajinkta, Sheno, Buga, Dungul, Jilim, Tanda, Talire, Jange, Fottadutse, Jerah, Bilga, Tenah and Rijo Due to; Lack of borehole in the affected villages.	Ministry of Water Resources and other Development Agencies should drill boreholes in the affected listed communities.	- WPSC, community and political leaders should lobby the Local Government Director of Works, Upper Benue River Basin Authority, State Ministry of Water Resources, and other Development Agencies to drill boreholes in the affected listed areas - Our traditional and political leaders, WPSC should lobby the State Ministry of Water and other Development Agencies to drill boreholes in the affected communities.
Lack of good rural roads in some of the affected communities	The local government works department should construct rural roads in the affected villages	- Our traditional and political leaders should lobby the local government works department to construct rural roads in the affected villages. - WPSC, community and elders of the community should mobilise community members to embark on periodic reconstruction and maintenance of rural roads.
Lack of proper care and maintenance of the available hand pump boreholes in our ward Due to; Poor maintenance culture and attitude of community members	Community members of Yang ward should properly take care and maintain the available boreholes in their respective areas	WPSC, traditional, religious and political leaders should sensitise the Yang ward community on the importance of care and maintenance of boreholes drilled for their benefit in Yang ward.

PROBLEMS (WATER AND SANITATION)	SOLUTIONS	ACTIVITIES
Insufficient drinking water in Furkutuma, Sheno and Ganjing. Due to; Lack of proper maintenance of the available boreholes by community members	Community members should cultivate the habit of proper maintenance and repair the available boreholes in the affected areas.	WPSC, traditional, religious and political leaders should sensitise the Yang ward community on the importance of proper maintenance of boreholes in the affected areas.
Only a few boreholes are available	Ministry of Water Resources and other Development Agencies should drill more boreholes in the affected listed communities.	WPSC, community and political leaders should lobby the local government works department, Upper Benue River Basin Authority and the State Ministry of Water Resources and other Development Agencies to drill boreholes in the affected listed areas
Lack of earth dam to feed our animals in dry season periods in Yang ward Due to; Earth dam not constructed	Small Towns Water Supply Agencies should construct earth dam in Yang ward	Traditional, religious and political leaders and WPSC should lobby the Small Town Water Supply Agency to construct a local earth dam for the Yang community

EDUCATION

In the Education sector, we have insufficient qualified primary school teachers in Dingam, Tenah, Koko, Furkutuma, Sheno, Kondosum and Gajing, with insufficient classroom and learning materials in Yang ward. LEA and the State Ministry of Education should facilitate periodic in-service training for teachers, construct more classrooms and provide adequate learning materials to all our schools.

PROBLEMS (EDUCATION)	SOLUTIONS	ACTIVITIES
Poor quality education in primary and secondary school in Yang ward. Due to; - Insufficient qualified teachers in all our schools in Yang ward - Overcrowded classrooms in most schools in Yang ward	Ministry of Education and LEA should post more qualified teachers to schools in our ward ADSUBEB and PPSMB should construct more classrooms and rehabilitate classes destroyed by rainstorm in Yang ward	PTA, SBMC, WPSC, political and traditional leaders should Lobby LEA and the State Ministry of Education to post more qualified teachers to our schools WPSC, political and traditional leaders, PTA should lobby the State Ministry of Education and other Development Agencies for funding to construct and rehabilitate dilapidated classes.
Inadequate office furniture in Fotta dutse, Gajing, Tenah, Jerah, Yang Gari, Koko, Dingam, primary schools. Due to; LEA and the Ministry of Education did not provide office furniture for the affected schools	LEA and the Ministry of Education should supply adequate classrooms and office furniture to Fotta dutse, Gajing, Tenah, Jerah, Yang-Gari, Koko, Rijo and Talirre primary schools	- PTA, SBMC, WPSC in conjunction with traditional and political leaders should collaborate to lobby LEA Gombi and ASUBEB to provide sufficient office furniture to the affected school listed above - PTA, SBMC and WPSC can organise local fundraising to construct office furniture for the affected schools.
Inadequate learning materials for all primary and secondary schools in Yang ward. Due to; The government did not supply sufficient teaching /learning materials to schools in Yang ward	Ministry of Education and Education Resource Centre should supply sufficient learning and teaching material to schools in Yang ward	Traditional leaders, PTA and SBMC should lobby LEA, State Ministry of Education and Education Resource Centre to supply teaching and learning materials to our schools.

PROBLEMS (EDUCATION)	SOLUTIONS	ACTIVITIES
Inadequate qualified primary school teachers at Dingam, Tenah, Koko,Rijo, Furkutuma, Sheno, Kondusum and Gajing Due to; - Lack of in-service, training and re-training of teachers by LEA and the State Ministry of Education - Inability to recruit more qualified teachers	LEA and the State Ministry of Education should facilitate periodic training, workshops, seminars, and in-service for teachers to improve their capacity Ministry of Education should recruit more qualified teachers and post to the affected schools in Yang ward	WPSC, SBMC, political leaders through NUT at the local government and state government level should lobby the State Ministry of Education and LEA to allow teachers with lower qualifications to further their education to obtain higher qualifications. PTA, NUT, SBMC, community and political and traditional leaders should lobby the Ministry of Education to recruit competent teachers and post to affected schools in Yang ward.
Poor supervisory mechanism to report the current state of teachers in Yang ward Due to; Poor condition of service and bad roads to Yang	LEA should improve school supervisors' condition of service	WPSC, SBMC, Political leaders should lobby State Ministry for Education, ASUBEB and LEA to improve teaching service conditions for effective supervision.
Lack of primary schools in Bilga Due to: Ministry of Education did not build primary schools	Ministry of Education should build primary schools	Traditional, WPSC and political leaders should lobby ADSUBEB through LEA to build primary schools

AGRICULTURE AND FOOD SECURITY SECTOR

Our farmers also lack modern farming tools such as fertilizer, agrochemicals, and tractors. The local Government Department of Agriculture and Ministry of Agriculture should make tractors available to farmers for hire. Fertilizers, pesticides, and herbicides should be available at a subsidised price to farmers

PROBLEMS (AGRICULTURE AND FOOD SECURITY)	SOLUTIONS	ACTIVITIES
Lack of adequate farm produces in Yang ward. Due to; - Insufficient supply of agrochemical to farmers in our ward. - Lack of farm equipment. e.g., tractors, planters, boom sprayers, harvesters etc. - Lack of fertilizers	Ministry of Agriculture and Agricultural Department Gombi LGA should provide agrochemical to farmers at a subsidised rate.	- Farmers Association and traditional leaders should lobby the Ministry of Agriculture and Agricultural Department Gombi LGA to provide agrochemicals at a subsidised rate to farmers in our ward. - WPSC, Farmers Association, traditional leaders should lobby businessmen/women to supply agrochemicals and sell them to farmers at a lower price.

Traditional and religious leaders should sensitise parents on the importance of educating female youths.
Lack of orphanage homes in Yang ward. Due to; • Lack of plan for the orphans	Ministry of Women Affairs and Social Development should provide a good plan for the orphans	• Community leaders should lobby the Ministry of Reconstruction, Rehabilitation, Reintegration and Human Service, the Ministry of Women Affairs and Social Development to build orphanage homes in Yang and take good care of them. • WPSC, traditional and religious leaders should lobby Philanthropists, Development Agencies, religious institutions to provide the needed assistance to support orphans.

PROBLEMS (SOCIAL PROTECTION SECTOR)	SOLUTIONS	ACTIVITIES
High rate of violence against women in Yang ward. Due to; Gender inequality in our communities	Traditional leaders should encourage gender equality among members	Community leaders, WPSC and the Ministry of Women Affairs and Social Development should organise sensitisation campaigns against gender inequality and encourage gender equality among community members
Poverty and hunger at homes.	Traditional leaders should encourage Yang people to engage in economic activities and fight poverty and hunger	- Community leaders and WPSC should lobby the Ministry of Women Affairs and Social Development, the Ministry of Entrepreneurship Development and Development Agencies to provide poverty alleviation strategies. - Community leaders should encourage community members to be hardworking and engage in economic activities to earn an income.

THIS IS HOW WE MONITOR

The Ward Project Supervisory Committee was formed during the Yang ward CDP session. The selection was based on gender, socio-ethnic groups and villages. Participants were grouped according to their villages. They were tasked to discuss and select from among themselves, their respective representatives for the follow-up committee. The selected community members were then inaugurated in the plenary. The selected representatives would work voluntarily for the development of Yang ward as there are no salaries or stipends attached to their roles and responsibilities. This committee composition contains at least 45% women which is a fair representation of all stakeholders. The selection also considered equity, effectiveness, efficiency, legitimacy, and sustainability. A follow-up committee comprising of 22 representatives from each of the 19 villages within the ward was established. Functions of the Ward Project Supervisory Committee (WPSC) includes:

- The committee will provide support to their wards and avail themselves to their communities whenever necessary.
- The committee will meet with government agencies & development partners to discuss further modalities on the development within the ward.
- To report back to their respective community on the progress or otherwise of project activities and update the community on the issues discussed at the various meetings held with development partners.

ACKNOWLEDGEMENT

The CDP process in Gombi LGA and the compilation of this plan would not have been possible without the huge support and commitment of the Gombi LGA CDP team which is worth acknowledging: Engr. Dimas Shekel (Chairperson Gombi LGA), Hon. Yahaya Umaru (Vice Chairperson Gombi LGA), Alh. Sambo Samari Gabun (Head of Service), Hudu Jauro Buba (Director Works), Hapsatu T. Thomas (Director Budget and Planning), Saleh Alh. Musa (Director Agriculture), Mohammed I Gaya (Director Finance), Abakar Mamud Iyawa (Education Secretary), Haj. Rukaiya Suleiman (Executive Secretary Primary Healthcare), Grace Halilu Ibrahim (Community Development Officer Gombi). In addition, we are grateful for the contribution and support of our Honourable Councillors. Hon. Rufus Irmia (Yang Ward), Hon. Kefas Isa (Guyaku Ward), Hon. Mohammed Abubakar Lalajo (Gombi South Ward), Hon. Simon Ibrahim (Gabun Ward), Hon. Polycarp Jediel, (Ga'anda Ward), Hon. Alfred Eli Mita (Boga Dingai ward), Hon. Onan Elkana (Duwa ward), Hon. Mohammed D. Musa (Gombi North Ward) and Hon. Samaila T. Wusuware (Tawa Ward). The effort and the professionalism of our security personnel are highly appreciated: Jimmy Paul (DPO Gombi LGA) and Mr. Michael Ndottiwa (Head of Vigilante – Gombi LGA).

We appreciate the commitment and support received from our royal fathers who are the gatekeepers of their communities. We appreciate the religious leaders during the CDP process and realisation of this plan is worth recognising: Alhaji Ibrahim Usman Sarki Fada (District Head of Guyaku, Gombi South, Tawa and Gombi North), Alhaji Mahmud Ahmed Shuaibu (District Head of Ga'anda, Gabun), Alhaji Jamilu Dahiru Musa (District Head of Lala) Duwa, Boga Dingai and Yang. Late Mallam Mu'azu Sule (Village Head Guyaku), Josthan Ibrahim (Village Head Gabun), Ardo Barkindo Idirisu (Village Head Ganjara), Wakili Isa Gajere (Village Head Tawa), Ardo Bulus Bulama Dogare (Village Head Zagra), Mal. Ja'imu Ahijo (Village Head Ga'anda), Rev. Yohanna L. Budawara (CAN Chairperson) and Alh. Musa Walama (Muslim Council Chairperson).

In addition, we would like to express gratitude to the CDP focal persons from the Adamawa State Ministries, Departments and Agencies for their support throughout the CDP process in Gombi LGA: Mr. Nathan Joshua Diya (Adamawa State Ministry of Information and Strategy). Mr. Japheth Gajere Ajiya (Permanent Secretary Ministry of Local Government and Chieftaincy Affairs), Mr. Tika Joel

(Director Local Government), Mr. Augustine Boniface (Assistant Director Ministry of Local Government and Chieftaincy Affairs), Mr. Ahmed Jalo (Senior Local Government Inspector Ministry of Local Government and Chieftaincy Affairs).

We are especially appreciative of the role played by the Adamawa State Planning Commission (ASPC) within the implementation of the CDP process in Gombi LGA. We are appreciative of Dr. Mary Paninga (Chairperson ASPC), Mr. Usman Mapeo (Permanent Secretary ASPC), Mrs. Gladys Dzarmah (Director Donor Coordination, ASPC) Mr. Patrick Yunana (Senior Planning Officer ASPC).

Finally, this acknowledgement will not be complete without appreciating the efforts of our Gombi Local Government support facilitators: Mr. Kindin kinbikiwa, Mr. Mbedama Jonathan Yemkumdi, Mr. Modibbo Sa'ad Abubakar and Fartifricha Benson. We are especially grateful to the teams of GIZ, Murmushi People's Development Foundation (MPDF) and Goggoji Zumunchi Development Initiative (GZDI) for supporting and facilitating the development of this plan. We strongly believe that this is the beginning of good things to come in our ward and the LGA in general. God bless us all.

APPENDIX
