Executive Summary

The Community Development Planning (CDP) sessions for Guyuk LGA were held from 12th to 20th August, 2025. It brought together a diverse group of stakeholders from across the ten wards of the LGA to develop a joint plan for the community's development. The CDP sessions were conducted in accordance with the Adamawa State Government's Citizen's Engagement and Participation Policy (CEPP), which prioritizes active participation and citizen input into planning process.

The CDP sessions were attended by a wide range of participants, including political, Traditional, religious and women leaders, as well as men and women from different age groups, artisans, persons with disability, internally displaced persons, and women heads of households. The sessions aimed to promote participation and inclusion in the development process, recognizing the diverse population of Guyuk LGA, which is comprised of multiple ethnic groups, including Lunguda, Waja, Fulani, and others, who are predominantly farmers, herders, and petty traders.

During the Community Development Planning (CDP) sessions, the people of Guyuk LGA collectively defined development as "transformation for positive change" and envisioned a future with good quality educational system, improved agricultural activity, steady power supply, sufficient potable water and all year-round good condition roads. A developmentally advanced LGA which is flood free and with well-equipped healthcare centres.

The LGA is blessed with natural resources such as limestone deposits, sharp sand, stones and rivers, sand for painting, as well as economic resources such markets, provisions shops, grinding/milling machines and social resources like worship centres, schools, viewing centres, football fieds, and relaxation centres. However, despite these resources, the LGA faces various challenges that threaten its developmental journey. These challenges, which were grouped in to ten (10) sectors, include insufficient potable water, absence of good access roads, soil degradation orchestrated by erosion and flooding, poor entrepreneurial skills across the LGA, poorly equipped primary and secondary schools with insufficient qualified teachers. Furthermore, there is the problem of lack of health care centres and where they exist, they are either dilapidated or poorly equipped and under staffed. Other challenges include flooding, high cost of farm inputs such as fertilizer and agrochemical, poor knowledge of modern farming techniques, land disputes, farmers-herders clashes, poor access social safety support, human trafficking, denial of girl-child education, and exclusion of women economic resources, inheritance and decision making. In total, 149 priority needs (challenges) were identified.

The top five most priotized sectors by sex and age of the CDP participants requiring support in no particular order of priority were physical infrastructure water and sanitation, agriculture and food security, education and health. The general ranking of sectors across all the wards in the LGA in terms of priority are physical infrastructure, water and sanitation, agriculture and food security, education and health, economy and livelihoods, social protection, gender, conflict and security, and climate change and green economy.

To address the identified challenges and in line with the LGA CDP's vision, a problems-solution-activity (PSA) matrix was prepared. The matrix proposed soultions and activities to be undertaken to address the identified problems from community members' perspective with support from

sector experts. The breakdown of harmonized problems by sector as contained in the PSA tables are: Physical infrastructure (6), water and sanitation (6), agriculture and food security (8), education (10) and health (10), economy and livelihoods (5), social protection (10), gender (13), conflict and security (11), and climate change and green economy (5).

To ensure the sustainability of the CDP, the communities selected persons of different ages, gender and villages to serve as members of the Ward Development Support Committee (WDSC). A total of 250 people were selected as members of the WDSCs across the ten (10) ward in Guyuk LGA. The breakdown of the WDCSs membership is Banjiram (24), Bobini (25), Bodeno (25), Chikila (25), Dukul (25), Dumna (25), Kola (25), Lokoro (25), Guyuk (25), and Purokayo (26). The WDSC mandate is to follow up on the implementation of the Community Development Plan in consultation with other stakeholders..

INTRODUCTION

Guyuk LGA has witnessed recurrent conflicts and flooding over the years. Apart from loss of livelihoods, physical infrastructures such as health centres and schools became dilapidated and destroyed. A lot of people were displaced and a lot of lives lost.

In view of the foregoing, the Local Government and the Traditional Leaders of Guyuk LGA yearned for rapid social and economic development. With the support of the GIZ's Social and Economic Participation of Returnees, Internally Displaced Persons and the Host Population in North-East Nigeria (SEPIN) programme being funded by the German Federal Ministry of Economic Cooperation and Development and European Union (EU), have initiated the Community Development Planning (CDP) process, which aims to bring together various stakeholders at the ward level to plan for the development of their communities through a participatory, bottom-up approach.

The CDP process has provided opportunity to community stakeholders to come together to discuss developmental challenges they face including their causes, strategies for solving them through rigorous brainstorming with the support of experts.

While stakeholder sensitisation, ward analysis, and community mobilisation played a crucial role in the CDP process, the Community Development Planning Session itself was the heart of the process. This 2-day activity session per cluster is akin to the village/town meetings where members of the community come together to discuss developmental issues that affect their development and plan activities to overcome them. The major objectives of the CDP Session are:

- i. To provide an opportunity for different socio-economic groups to discuss and analyse their livelihoods, including problems, causes, strategies and potentials within the community that could help them solve these problems.
- ii. To build people's capacity to participate more actively in development issues affecting them as individuals and their community as a whole.
- iii. To create a platform, where the people can discuss with their political and Traditional leaders.
- iv. To identify and prioritise the needs of the community.

Participants of the CDP sessions were carefully selected cutting across demographic and socio-economic groups within the wards including vulnerable groups such as IDP, persons living with disability (PWDs) and orphaned children.

The CDP process in Guyuk LGA was facilitated by the Governance Component of GIZ's Resilience Programme and their partners comprising Oxfam International, Christian Rural-Urban Development Association (CRUDAN), Budgeting and Planning Department of the LGA, and Adamawa state government ministries and extra ministerial departments which include Adamawa State Planning Commission, Ministry of Local Government and Chieftaincy Affairs, Ministry for Women Affairs and Social Development, and Ministry of Information. The CDP processes were supported and guided by the Executive and Legislative arms of the Local Government and Traditional leadership.

The end result of the CDP process is the preparation and validation of LGA Development Plan, which highlights the development priorities of the LGA for next five (5) years.

OUR VISION

We envision Guyuk as a Local Government Area with good all year round access roads, sufficient potable water, a functional tertiary institution, improved agricultural productivity, improved employment opportunities for the teeming youth, and extended connectivity to national grid with steady power supply to communities. Furthermore, we envision Guyuk communities that are flood free, and have access to improved health care services. We hope to create an inclusive society devoid of ethnic and religious disharmony and mutual respect for all inhabitants.

OUR SHARED VALUES

In Guyuk LGA, we have a set of core values that define our identity. We are known for our hardwork, reverence for elders, unity, and hospitality most especially to strangers. We are compassionate people which is reflected in how treat our people who are bereaved with strong sense of togetherness, love and show of camaraderie.

This is our LGA

Geographical Information

Guyuk Local Government Area (LGA) is located in the South western part of Adamawa State, Nigeria. It lies between latitudes $9^{\circ}38'$ to $10^{\circ}02'1$ North of the equator and longitudes $11^{\circ}47'$ to $12^{\circ}00'E$ of the Greenwich meridian. It shared boundaries with River Gongola and Shani LGA of Borno State to the North², Shelleng LGA (Adamawa State) to east, Balanga LGA of (Gombe state) to north-west, and Lamurde LGA (Adamawa state) on the south-west and Numan LGA (Adamawa State) in the south-east. The Local Government Area has an estimated total land mass 764.6 km.²³. The LGA lies along the River Gongola with good fertile soil for agricultural production. It has a fairly well drained sandy-loam to clay soil that supports the growth of different crop species.

Demographics: Population

According to the 2006 population census, Guyuk LGA has population of 176, 505 inhabitants comprising 89,440 and 87,065 males and females, respectively. The projected population as at March 2022 was 272,200⁴ people. The predominantly practiced religion in the LGA is Christianity. Other religions practiced in area include Islam and Traditional religion. It is inhabited by ethnic groups such as the Longuda, Waja, Fulani, and Hausa.

Summary of socio-economic situation

⁴ https://citypopulation.de/en/nigeria/admin/adamawa/NGA002006__guyuk/

The main socio-economic activities of inhabitants of Guyuk LGA are farming and hunting. Major crops grown in the LGA include sorghum, maize, rice, and millet. . Livestock rearing, including cattle, sheep, goats, and poultry, is also common. Petty trading and pottery are also practiced as sideline economic activities. One of the major festivals in Guyuk LGA is the Sinmi-Lalama festival. The financial institution operating in Guyuk is Unity Bank. Other source of cash for business transactions is the point of sale (POS).

THIS IS OUR DEVELOPMENT PLAN

Table 8: PROBLEMS AND CAUSES, SOLUTIONS AND ACTIVITIES

1. PHYSICAL INFRASTRUCTURE SECTOR

PROBLEMS AND MAJOR CAUSES	SOLUTION	ACTIVITY
1. Poor access road from Mararaba Bobini to All communities, From bobini to Arateh, Jankaram-Bobini, Arateh-Qwalam (Bobini ward), Gorotoro-Mada, Gorotoro-Wawi, Wawi-Arateh, Mada-Wawi, Mada-Bodeno (Bodeno ward), Chikila-Gwalura, Chikila-Jiu, Chikila-Sili, Chikila Kas-Chikila Tudu, Dangir-Sili, Chikila-Jiu Matsimi, Chikila-Gubaliye, Chikila-Sili Centre, Chikila-Sili-Tudu, Gugu-Dangir Centre, Dangir Centre-Tudu, NBC Chikila-Dangir, Gwasilwa-Jiu, Gwasilwa Junction-SiliTudu, Kwahama-Dangir Centre, Chikila Junction-Gylora, Gemikiye-Kwari, Chikila Market-Chikila Tudu, Chikila- Sili Kasa, Chikila-Dangir, Landiye-Mwachika, Jiu Tulu-Chikila, Dangir Kasa-Dangir Tulu, Chikila-Banjiram, Chikila-Gwalura (Chikila ward), Banjiram-Guleswa, Kwadadai-Main road, Main road-Old Banjiram, Old Banjiram-New Banjiram, Angwan Hausawa-Angwan Bulasawa, Tasha-		

Sinkyé, Mararaban Banjiram-Chikila, Banjiram-Kwadadai, Banjiram-Dultswawa, Kili-Kampala, Old Gugu-Company, Banjiram Junction-Chikila Market, Kili-Tsohon Banjiram, Duleswa-Mararaba, Banjiram-Tsohon Kwadadai (Banjiram ward), Gunda junction-Gunda Sekelye, Mararaba Banjiram-Gunda community, gundeyi-Guyuk, Guyuk-Duku, Lamza-Falu, Dukul-Sauka, Falu-Guyuk, Guyuk-Gandaure and Kurnyi-Guyuk, Sauka to Kwadangir; Dishon Dansanda Square to Barracks (Guyuk Ward), Mararaba; Lakumna to Nasarawo (Purokayo Ward), Mararaba kola to Kerau, Pandive to Kola (Kola ward)		
Due to :		
Lack of community collaboration to present complaints for road rehabilitation	• Key stakeholders traditional, religious, political, women leaders to unite the community for collaboration	• WDSC ward councillor and CBOs to mobilise and carry out sensitisation for community collaboration among community members
	• Department of Works in the Local Government to construct drainages and culverts in the affected communities	• WDSC, Traditional leaders through the Councilor should lobby the Works Department of Guyuk LGA to construct the culverts in the affected communities.
	• Member State House of Assembly/Member House of	• WDSC, Traditional/Religious leaders and their Councilors should lobby Member State House

OXFAM

	Representative/Senator to construct culverts and drainages in the affected communities as part of their constituency projects	of Assembly/Member House of Representative/Senator to utilize constituency projects allowance to construct roads and drainages in the affected communities as part of their constituency projects.
	RAAMP/Ministry of Rural Infrastructure and Community Development to rehabilitate the roads in the affected communities.	WDSC, Traditional/Religious leaders through the Member House of Assembly to lobby RAAMP/ Ministry of Rural Infrastructure and Community Development to rehabilitate rural roads in the affected communities.
Lack of maintenance	Proper maintenance of the road by community members	WDSC and Traditional /religious leaders to mobilize the community members for routine maintenance of the roads in the affected communities.
	State Road Maintenance Agency to adhere to routine maintenance of roads in the affected communities	WDSC and Traditional /religious leaders through the Member House of Assembly to lobby the Programme Manager Road Maintenance Agency to conduct a routine maintenance of roads in the affected communities
Limited/Inadequate Culverts and drainages	LGA Department of works to construct new culverts and drainages and rehabilitate damaged culverts in the affected roads	WDSC to lobby the LGA Chairman through the Ward Councilor to construct culverts and drainages, and also rehabilitate damaged culverts in the affected areas
	Ministry of Rural Infrastructure and community Development should construct new culverts/drainages and also rehabilitate damaged	WDSC and LGDCC to lobby the Commissioner for Ministry of Rural Infrastructure and Community Development through the SDCC to construct new culverts/drainages and also

OXFAM

	culverts in the affected roads	rehabilitate damaged culverts in the affected roads
Water Erosion (gully erosion)	RAAMP and Ministry of rural infrastructure and community development should construct Culverts, Drainages roads in the affected communities	WDSC in collaboration with traditional and religious leaders and the councillor to lobby RAMP and ministry of Rural Infrastructure, community development through the chairman of Guyuk local council to construct Culverts, Drainages roads in affected communities.
	State representative (member House of Representative and senate southern Adamawa should construct culvert, drainages and rehabilitate road in the affected communities.	WDSC in collaboration with traditional/religious leaders and LGDCC to lobby the state Assembly members, federal House of reps and the senate representing Adamawa Southern zone to constructs culverts, drainage and rehabilitate roads in the affected communities.
	Philanthropist and other development partners should constructs, drainages and rehabilitate road in the affected communities.	WDSC in-collaboration with Traditional and Religious leaders and LGDCC to lobby Philanthropists and other development partners to construct Culvert drainage and rehabilitate roads in the affected communities.
Flooding	Department of works Guyuk LGA, Ministry of Rural Infrastructure and community Development, RAMP to construct culverts and drainages to serve as water ways	WDSC, in collaboration with traditional leaders, religious leaders and councilors to lobby the chairman Guyuk LGA, Department of works, for the constructions of culverts and rehabilitations of roads in the affected communities.
		WDSC, traditional and religious leaders through the chairman and in collaboration with member house of assembly to lobby the ministry Rural infrastructure and community development and RAAMP to construct culverts and rehabilitates roads in the affected communities.

2. Lack of access road from Chikila-Jiu-Tsimi, Sili-Dangir, Sili Centre-Chikila, Gimikeye-Dangir, Chikila-Kwata, Gwalura-Jiu (Chikila ward)		
Due to:		
Limited knowledge on feedback mechanism among community members	Traditional leaders should sensitize community members on feedback complain mechanism	WDSC, CBO, Ward Councillors should sensitize community members on the importance of community feedback mechanisms
	National Orientation Agency (NOA) to create awareness and sensitize community on complain and feedback mechanism channels	National Orientation Agency through the Ward councillor to create awareness and sensitise affected communities on complain and feedback mechanism
3. Lack of electricity connection in Bobini and Bodeno ward, Gubaliye, Jiu, Dangir Tudu, Chikila Tudu, Mnatsimi, Zuwarala, Jiu Thulu, Jiu Mansimi, Banjiiram, Gwana, Dukul,kurnyi, Gundenyi communities, Jaggera community in Guyuk Ward; and Zabisonka Communiy in Purokayo Ward, All communities in Dumna and Kola wards		
Due to:		
Over concentration of development projects at the Ward Centre	Developmental projects should be sited evenly across communities	WDSC, CBOs and traditional leaders to advocate to the Member House of Assembly and Representative to site developmental

OXFAM

		projects evenly across communities
Not connected to the national grid	Ministry of Rural Infrastructure and community Development and YEDC to connect the affected communities with the national cake	WDSC and the Ward Councilor to lobby through the LGA Chairman to the Ministry of Rural Infrastructure and community Development and YEDC to connect the affected communities with attendant national grid
4. Inadequate electricity power supply in Sili-Tudu, Chikila, Gwalura, Gwasilwa, Old Kwadadai, Gugu, Banjiram, Gombawa; Naraso and Lakumna communities of Guyuk council ward		
Due to:		
Insufficient transformers	Ministry of Rural Infrastructure and Community Development and YEDC to supply more transformers to communities in Guyuk and Purokayo council wards.	WDSCs, traditional / religious leaders through the ward councillors and the LGA Chairman to lobby the Honourable Commissioner, MRICD and YEDC to supply more transformers to communities in Guyuk and Purokayo council wards.
Use of undersized electrical wire	YEDC to sensitize the community on the dangers of using undersized or substandard wires for electrical wiring	WDSC, Ward Councilor and traditional leaders to advocate YEDC to sensitize communities on dangers of using undersized or substandard wires for electrical wiring
	Community saving groups and community based organizations to support community in upgrading wiring	WDSC, Ward Councilor and traditional leaders to mobilize community saving groups and CBO's to support community in upgrading electrical wiring in the affected communities
5. Damaged bridges/culverts in Alijaho, box culvert, flourty culvert, Dakarakira culvert, zangel, korinbarku, jankawomi, malammanya, arateh,		

gwalam (Bobini ward), Kogin Gorotoro, Green village Mada, Kayofili Doma, Komuyel Gorotoro, Anguwan Fulani Doma, Shangilgeye, River Gongola (Bodenu-Bodac) (Doma, Bodeno) (Bodeno ward), Gugu-Kwadadai, Banjiram-Zabisonka(Banjiram ward), NBC Chikila-Dangir, Gwasilwa-Jili, Gwasilwa Junction-Sili Tudu, Chikila-Gwalura (Chikila ward)		
Due to:		
Poor maintenance culture	Community to maintain existing culverts within the communities	WDSC, CBOs Ward Councilors and traditional leaders to mobilize community efforts for the maintenance of existing culverts in the community
	Federal Emergency Road Maintenance Agency (FERMA) to rehabilitate the damaged road	WDSC, LGDCC to lobby Ministry of works for the maintenance and rehabilitation of damaged bridges through the Members House of Representative and Senator Southern Senatorial Zone
Use of substandard materials for construction of culverts	LGA Department of works to provide proper supervision during construction	WDSC, Councilors and traditional leaders to lobby the LGA Dept. of Works to provide strategic oversight and proper supervision during construction projects in the communities
	Community members to provide oversight ongoing projects within their communities	WDSC and Ward Councilor to supervise ongoing projects and report to the LGA Department of works
6. Poor GSM Network Coverage in Bobini (Bobini ward), Bodeno (Bodeno ward), All communities (Chikila ward), All communities (Banjiram ward), All communities in Dumna and Kola wards		
Due to		

OXFAM

Distance between the mast and the communities	GSM providers should expand their network coverage to the affected communities.	WDSC and Traditional/Religious leaders through the Member House of Assembly/ House of representative members/ Senator and influential individuals to lobby GSM service providers to expand their network coverage in the affected communities.
Limited telecommunication mast	Adamawa State Ministry of information and network service providers to provide more network mast	WDSC, LGDCC to lobby the Commissioner of Adamawa State Ministry of information network service providers to provide more network mast to cover the affected communities

2. WATER AND SANITATION SECTOR

PROBLEMS AND MAJOR CAUSES	SOLUTION	ACTIVITY
1. Lack of portable water in Gwalam, Arah, Dangu, Jauro Jalo, Jankaram, Doladeba, Timiye, Zangayle, Anguwan Krista, and Gadam (Bobini ward), Gamji, Wawi, Kumoyel, Jalingo, Bulumtum, Jalo, Daramang, Anguwan Bappa, Lukutug, Yolde, Guban, Wuro, Ginnaji, Jamkisi, Gorotoro North, Mada (Bodeno ward), Banjiram, Gugu, Kwadadai, Dulesawa, New site Banjiram, Gimikiye, Old Banjiram, Dolosawa and Sabon Kwadadai (Banjiram ward), Dangir, Sili Tudu, Gimakiye, Sili Centre, Chikila Tudu, Jiu, Jiu Mamtsimi, Gwasiliwa, Zwarla, Gubaliye, Funsiliye, Jiu Thulu (Chikila ward), Kawa, Gunda, Sukelye, Lapandi, Gudanyi, walu, Swensuthire (Dukul ward), Jagira; Ginakise (Rawe); Zursingi; Laliye		

communities (Guyuk Ward), Zabisonka; Lakumna (Purokayo Ward), Theble, Tsibo, Kwalgaura, Kwari, Kerdu, Pondiwe, Yidomola, Mararabaran Kola (Kola ward) Duwo, Tuhura, Boshikiri, Lugah, Dumna, Dutse, Dumna Zerbu, Adaka communities (Dumna ward)		
Due to:		
Lack of boreholes	- Community members should drill boreholes - NGO's/philanthropists should assist in drilling borehole in the affected communities	- WDSC, LGDCC, Traditional leaders in collaboration with ward councilor should organize fundraising event to drill borehole - WDSC, LGDCC, Traditional leaders should lobby NGO's/philanthropists to assist in drilling borehole in the affected communities
2. Inadequate portable water in Arah Teh, Gwalam, Dangu, Bobini, Dachakera, Anguwan Krista, Timiye, Bilachi, Dangwala, Jauro Jalo, Congo (Bobini ward), Bodenu, Mada, Doma, Gorotoro, wawi, Changilgagagle (Bodeno ward), Banjiram, Kwadadai, Jimi Dulusiwa, Kwasalda Bali, Anguwan Kirista, Tsohon Kwadadai (Banjiram ward), Silin Kasa, Dangir Tudu, Fumsiliye, Gwallura, Jiu and Chikila Kasa (Chikila ward), Kwampani; Waja Kasuwan; Pwalamoliye; Guyuk communities (Guyuk Ward), Augwan Christa (1); Lakumna communities (Purokayo Ward)		

Due to:		
Lack of boreholes	Ministry of water resources MWRs and RUWASSA should provides boreholes in the affected communities.	WDSC, community leaders through the councillors and chairman should lobby the Ministry of water resources and RUWASSA for the drilling of boreholes in the affected communities.
	Community members and other development partners should mobilized and drill boreholes in the community affected.	WDSC and community leaders should mobilized community members to do the needful.
Non-functional boreholes	WASHCOMM and community members should mobilize for the repair of nonfunctional boreholes.	WDSC, traditional leaders and community members through the chairman and councilor should mobilized for fund raising in the affected community.
Poor water Quality	RUWASSA should drill boreholes that are deep to avoid drinking water from the surface of the water belt.	WDSC, Traditional and community leaders should lobby RUWASSA for the drilling of deeper boreholes in the affected communities.
3. Non-functional boreholes in Bobini, Arateh, Arateh primary school, Anguwan Krista, Bilachi, Doma, Gurundi (Bobini ward), Mada, Bodeno, Daremina Garam, Gima Jambo, Lamdo, Labare, Bulumtum, Anguwan Krista, Garabka, Jamkise, Pesare, Doma, Yadi, 1&2, Anguwan Fulani, Gorotoro, Baitalami, Anguwan Alkali, Wawi, Lukutu 1 (Bodeno ward), New Kwadade, Old Kwadade, Banjiram, Angwan Kirista, Gidan Zana, Angwan Bariki, Gugu and new Banjiram(Banjiram ward), Chikila Tike,		

Gimikiye, Hakabra, Sili Gwalura, Kwahama and Sili Kasa (Chikila ward), Chaharuwa, Angwan Krista, Angwan Sabon layi, Lamza, Anguwan Haske, Bangasiye, Gwana and Falu, Pwalamoliye; GRA 1; Tudun Guyuk; Birsinsina communities (Guyuk Ward), Purokayo town; Lakumna communities (Purokayo Ward), Tsibo,mararaban Kola,Kerau Kasa communities (Kola ward), Dumna Dutse,Zerbu2,Dumna Burthile2,Boshilari Goforo, Adaka (Dumna ward)		
Due to:		
Poor maintenance	- Community members should volunteer to provide water vigilante at the water points - RUWASSA should organize community members to for water consumer Association (WCA)	- WDSC, LGDCC to mobilise community Members to appoint security at the water points. - WDSC, LGDCC, Traditional leaders in collaboration with ward Councilor to lobby RUWASSA to train community members to for water consumer Association (WCA) on proper maintenance and repair of borehole
	Community leaders to sensitise community members on proper maintenance on water facilities.	WDSC, LGDCC & RUWASSA to appoint selected community leaders for sensitization.
Over stretched of water facilities	Upgrade of water facilities to eco-friendly by MWRs and RUWASSA	Community leaders WDSC and ward councillors to advocate for eco-friendly water supply sources.
Vandalism and theft of submersible pumps	Community members should provide security at water point.	WDSC, Community leaders, Community members should nominate security to monitor the boreholes
	WDSC, Community leaders should create awareness on operation and maintenance.	RUWASSA and MWRs to train the WDSC and some of the community members on operation and maintenance of boreholes.

4. Prevalence of water borne diseases in Gwallam, Bobini (Bobini ward), Gubanjala, Kumuyle, Wawi, Gorotoro, Bulumtum, Yolde (Bodeno ward), Gugu, Kwadade, Banjiram (Banjiram ward), Chikila, Jiu, Gwalura, Dangir Chikila Tudu, Kwalamiye (Chikila ward), Augwan NEPA; Pwalamoliye communities (Guyuk Ward), Lakumna; Lakumna; Zabi Sonka communities (Purokayo Ward), All communities in DUmna and Kola wards		
Due to:		
Poor sanitary condition around sources of water	MWRs and RUWASSA to sensitize community members on proper water hygiene practices such as covering of wells etc.	WDSCs, LGDCC, and community members should lobby RUWASSA and MWRs to sensitize community members on the need to protect their wells and water points against contamination.
	WASCOMM should form WCA (water consumer association) to promote personal hygiene.	WDSC community leaders in collaboration to foam WASH communities to promote personal hygiene
	WCA should treat water before consumption	WDSC, LGDCC in collaboration with councillors to lobby for water treatment
	NGO's should form water committee and provide water treatment packs to treat polluted water	WDSC, LGDCC, Traditional leaders in collaboration with ward Councilor to lobby NGO's to form water committee and provide water treatment packs to treat polluted water
Open Defecation	Communities members should	WDSC and LGDCC should lobby for CLTS wash project from RUWASA or wash

	construct improved household latrine	implementation partners.
5. Indiscriminate dumping of refuse in Bobini (Bobini ward), Bodeno (Bodeno ward), All communities in Chikila and Banjiram wards, All communities in Dumna and Kola wards		
Due to:		
No designated dumping site	Community members to designate dumping site	Community leaders & community members should ensure proper maintenance of dumping site.
	Community members should volunteer to donate dumping site for construction	Community leaders to organise a town hall meetings for communities members to donate dumping site.
	Guyuk LGA should provide land for dumping site	WDSC, LGDCC and traditional leaders should organize a town hall meeting and look for donors to provide land to be used as designated dumping site
Frequent collapsing of pit latrines in Anguwan hausawa, gwalam (Bobini ward), Anguwan Bappa, Anguwan Baure, Anguwan Jalo, Wawi, Mada, Doma (Bodeno ward)		
Due to:		

OXFAM

Loose soil structure	Community members should construct pit latrines using cement blocks and plaster them	WDSC to lobby the LGA department of works and ADPHCDA to sensitise community members on the need to use cement blocks construct pit latrines
6. High rate of open defecation in all communities in Chikila and Banjiram wards, Pwalamoliye; Aungwan Waja; Aungwan Hausawa; Kwampani communities (Guyuk Ward), Lakumna; Augwan Hausawa communities (Purokayo Ward), All communities in Kola ward, Boshikiri, Dumna Lamko (Dumna ward)		
Due to:		
Lack of toilets	Community members should construct toilets in their various homes	WDSC, LGDCC should lobby RUWASSA to sensitize community members to construct toilets in their various homes
	RUWASSA, Ministry of Water Resources should construct toilets in public places	WDSC, LGDCC should lobby RUWASSA and Ministry of Water Resources to construct toilets at the Market, schools, clinic and other public places

3. AGRICULTURE AND FOOD SECURITY SECTOR

PROBLEMS AND MAJOR CAUSES	SOLUTION	ACTIVITY
1. Low crop yield of farm produce in all communities of all wards in Guyuk LGA		

Due to:		
Insufficient farm inputs like fertilizer and pesticides	Community farmers should adopt the use of organic fertilizer through undergoing training on its production by the MoA and Department of Agric Guyuk LGA	WDSC, traditional leaders and councilor through the chairman should lobby the state ministry of Agriculture for the training of community members on the use of organic fertilizer
	Farm inputs and Agric loans should be given to farmers by the federal and State Ministry of Agriculture.	WDSC, community and traditional leaders should lobby the state ministry of Agriculture through the executive chairman for the provision of fertilizer loans to farmers in Lokoro and Dukul wards
	Development partners and philanthropist should provide farm inputs at a subsidized rate to farmers.	WDSC and other community leaders to lobby philanthropist through their councilors and chairman for the provision of a subsidized farm inputs.
Poor knowledge of modern farming techniques	Farmers should be sensitized and trained on the use of modern farming equipment by extension officers.	WDSC together with their traditional leaders to lobby the MoA through the executive chairman Guyuk LGA to deploy extension workers for the training.
Poor access to modern farming implements	Hiring of modern farming implements should be subsidized by the state MoA	WDSC with the community leaders and councilor to lobby philanthropist, development partners and the State MoA for the provision of farm implements for hire at a subsidized rate to farmers.
Low soil fertility	Farmers to prioritize the use of organic and in organic manure.	WDSCs, traditional and religious leaders through the ward councillors should sensitize farmers on the use of organic and inorganic manure
	Farmers to practice crop rotation	WDSCs through the traditional and religious leaders should sensitize farmers on the need to practice crop rotation.
Pest infestation.	Framer should practice the use of	WDSCs and LGDCC through traditional / religious leaders should sensitize farmers on

OXFAM

	pesticides on their farm.	the need to use pesticides on their farms.
	Farmers to use pest resistance seed	WDSC, LGDCC, traditional leaders and our political leaders to lobby ADADP to supply pest resistance seeds at subsidized rate
Erratic rainfall	Framers should practice early planting or plant early maturing varieties.	WDSCs through traditional / religious leaders, and AFAN; should sensitize farmers on early planting of seeds or plant early-maturing varieties.
2. Farmers-Herders Clash in Banjiram, Gugu, Kwadadai (Banjiram ward), Dangir, Gulura, Jiu and Chikila (Chikila ward), All communities in Dukul and Lokoro wards		
Due to:		
Inadequate grazing reserve	MoA together with traditional and religious leaders to provides community grazing lands	WDSC through our traditional and political leaders to lobby for the creation of grazing spaces for herders and their cattle
Farmers farming on lands left for grazing	Community members and traditional leaders should ensure farmers to stop farming on designated cattle routes	WDSC through our traditional and political leaders to sensitized farmers on the need to stop farming on lands set aside as cattle routes
3. High rate of Livestock mortality in Banjiram, Gugu, Kwadadai (Banjiram ward), Jiu, Chikila, Gulura and Dangir (Chikila ward), All communities in Dukul and Lokoro wards, All communities in Kola and Dumna wards		
Due to :		

OXFAM

Lack of vaccination of livestock	Livestock farmers should practice routine vaccination	WDSC, community and traditional leaders should lobby the Ministry of livestock to deploy veterinary personnel to create awareness on the need for their livestock to be vaccinated
	Community members should be trained on veterinary services so that the service can be localized	WDSC, community and traditional leaders should lobby the Ministry of livestock to deploy veterinary personnel to train interested community members on veterinary service rendering
High cost of vaccine and feeds.	Adamawa State Ministry of Livestock and Aquaculture Development to provide vaccines and feeds to farmers.	WDSCs, traditional and religious leaders, through the ward councillors through the LGA Chairman to lobby the Honourable Commissioner, Ministry of Livestock and Aquaculture Development to provide vaccines and feeds to farmers
Dilapidated and non-functional veterinary clinics.	Adamawa State Ministry of Livestock and Aquaculture Development to renovate veterinary clinics in the affected areas.	WDSCs and LGDCC in collaboration with the traditional and religious leaders through the ward councillors and LGA Chairman to lobby the Honourable Commissioner, Ministry of Livestock and Aquaculture Development to renovate all veterinary clinics in the affected areas.
Inadequate knowledge of veterinary services.	Veterinary staff to create awareness on their activities.	WDSCs and traditional / religious leaders through the ward councillors to lobby veterinary staff to create awareness on their activities.
Inadequate qualified veterinary doctors.	Dept. of Agriculture and Natural resources should employ and deploy veterinary doctors.	WDSC, Councilors and Traditional leaders to lobby Director Dept. of Agriculture and Natural Resources to deploy veterinary doctors to the Wards.
Livestock grazing on newly emerged grasses during the onset of rainy season	Extension workers should sensitize herders on the dangers associated with grazing on new grasses during the onset of rainy season	WDSC, Traditional leaders to lobby extension workers to organize sensitization workshops for herders on the danger associated with grazing on new grasses that emerges during

Lack of routine treatment of sick Animals.	Farmers should be encouraged to isolate and quarantine sick animals to avoid disease spread or outbreak	the onset of rainy season WDSC and other stakeholders lobby through the councilors for the sensitization of the isolation and treatment of farm animals by the extension workers
Lack of adherence to livestock vaccination schedules	Livestock farmers should adhere to livestock vaccination schedules	WDSC in collaboration with livestock experts to sensitize the farmers on the importance of vaccination
Lack of regular cleaning of livestock pen	Livestock farmers should clean their livestock pen regularly.	WDSC should contact livestock experts in Guyuk LGA to sensitize livestock farmers on the benefit of proper sanitation of livestock pen
4. Post-harvest losses in all communities in Dukul, Guyuk, Purokayo and Lokoro wards Due to:		
Ignorance of farmers on new storage techniques.	Farmers in the communities should be sensitized on new storage techniques.	WDSC, AFAN (reps), Councilors and Traditional leaders to engage extension workers to sensitize farmers on best practices on storage techniques.
Poor storage facilities	Community members should be sensitized on the importance of building local granary (store) for their grains with the assistance of the LGA and State governments.	WDSC, AFAN (reps), Traditional leaders and councilors to engage extension workers to sensitize farmers on the importance of building granary for storage.
Storing of grains for a long period	Extension workers should sensitize community members on the danger of keeping their farm produce for long period of time.	The WDSC, AFAN (reps), Traditional leaders through the Councilors to engage extension workers to sensitize community members on the danger of keeping their farm produce for long period of time.
Store pests	Farmers should be trained on how to use agrochemicals properly to store	WDSC, councilors in collaboration with the extension workers to organize sensitization

	farm produce as well as telling them the ideal place to keep their packaged farm produce. They should ensure farm produce is properly dried before storing.	workshop for farmers on the proper use of agrochemical and other techniques of storing farm produce.
i. Lack of modern storage facility	Farmers should make use of Purdue Improved Crop Storage (PICS) bags	WDSCs through traditional leaders should sensitize farmers on the need to use PICS bags for storage.
ii. Prevalence of rodents and weevils.	Farmers should make use of agrochemicals (pesticides and insecticides).	WDSC through traditional and religious leaders should sensitize farmers on the need to use agrochemicals like pesticides and insecticides on their farms.
5. Destruction of farmlands by animals in all wards of Guyuk LGA		
Due to:		
Inadequate grazing areas	Federal government through the state government and Local Government chairman should liaise with Traditional leaders to provide more grazing areas	WDSC, Councilors, Traditional leaders, state government and other stakeholders should lobby the federal government to establish and maintain more grazing areas.
Farming on cattle routes	Farmers should avoid cultivating in grazing areas and cattle routes.	WDSC, Councilors, Traditional leaders, DLO and other stakeholders should work together to sensitize farmers on the dangers of cultivating grazing areas and cattle routes. .
Extensive system of livestock production	State government should roll out sensitization programs on skills acquisition to reduce dependence on livestock or adopt ranching	WDSC, Traditional leaders, councilors, member state house of Assembly through the state Government facilitate establishment of skills acquisition centers and encourage them

		to enroll
• Herders refusal to follow cattle routes	• MACBAN should instruct herders to follow designated cattle routes	• WDSC through, Community leaders, traditional leaders, to engage the leadership of MACBAN to instruct herders to follow cattle route
• Cold weather	• Community members to construct a well secured place for their livestock during raining or cold season and also to store animal feeds (forage) to avoid grazing in the rain or during winter period.	• WDSC through the traditional leaders to inform livestock farmers on the need to build/provide a secured place to keep their animals during rainy or winter seasons
6. Destruction of farms by flood in all communities Guyuk LGA		
Due to :		
• Lack of drainages and water channels around rivers and streams.	• Construction of water channels and drainages around the areas.	• WDSC, councilors, the LGA Chairman should identify the flood prone areas and lobby the Ministry of Works/Environment for the construction of drainages and also counsel farmers to desist from farming around flood prone areas.
• High volume of water in Kiri dam	• Construction of retaining walls around flood prone areas to prevent water from overflowing into the farms and communities.	• WDSC, councilors, the LGA Chairman should identify the flood prone areas and lobby the Ministry of works/environment for the construction of concrete barriers and also counsel farmers to desist from farming around flood prone areas.
• Excessive rainfall/heavy	• NIMET should provide handy	• WDSC and Traditional leaders should

OXFAM

downpour.	information on seasonal weather forecast.	contact forest guards to help sensitize community members of the dangers associated with indiscriminate cutting of trees and the law guiding it as it is the major cause of climate change.
7. Insufficient Mechanized farming Equipment e.g. (Tractors and other implements) in all communities in Guyuk LGA		
Due to:		
Rising number of farmers within the community members.	Provision of more farming implements such as Tractors, planters, cultivators and harvesters by the State Ministry of Agriculture.	WDSC, stakeholders and councilors through the chairman should lobby the Ministry of Agriculture for the provision of more farm implements.
Poor maintenance of the available farm implements.	Routine maintenance of farm implements.	WDSC and stakeholders should advocate through the councilors for a routine maintenance of farm implements by the maintenance officers.
Insufficient tractors in the Wards.	Department of Agric. And Natural Resources should provide tractors for farmers to rent at cheaper rate.	WDSC, Traditional leaders, Councilors should lobby through the Chairman of the LGA to provide more tractors to the farmers at a cheaper rates.
8. Low adoption of irrigation farming in all communities of Guyuk and Purokayo wards		
High cost of irrigation of farming equipment (water pump and solar).	Philanthropists to assist farmers with irrigation farming equipment.	WDSCs through traditional / religious leaders should lobby philanthropists to assist farmers in the provision of irrigation farming equipment.
	MoA to provide irrigation farming	WDSCs and LGDCC through the ward councillors

OXFAM

	equipment of subsidized rate.	and Chairman Guyuk LGA to lobby MoA to subsidize irrigation equipment for farmers.
--	-------------------------------	--

4. EDUCATION SECTOR

PROBLEM AND MAJOR CAUSES	SOLUTION	ACTIVITY
1. Insufficient qualified teachers in Gwalam 1, 2, and 3, Dangu 1, 2, and 3, Tehara, Jankaran, bobini 2 GJSS schools, GDSS Arah Teh Bobini (Bobini ward), Wawi, Mada 2, Bodeno, Doma, Gorotoro, Kumoyel nomadic primary school and GDSS Mada (Bodeno ward), GDSS Chikila, Fulsiliye Primary school, Gwasilwa primary school, Jiu Mwamtsimi Primary school, Dangir Primary school 3, Sili 3 primary school, Sili Tudu Primary school, Dangir 2 primary school, Jiu Tolo Primary school (Chikila ward), Kwadadai Primary school, Banjiram 1, 2, 3 primary school, Gugu primary school, GSS Banjiram (Banjiram ward), Dukul 1 primary school, Gwana primary school, Walu primary and secondary school, Swensuthire primary school, GDSS kurnyi, Gundeyi primary and secondary school, Falu Tudu primary and secondary school and Lamza primary and secondary schools, All schools in Guyuk and Purokayo wards, Tsibo primary school, Jagira primary school, GDSS Kola, Teble primary school, Kerau primary school (Kola ward) Dumna Lamko, Dumna Dutse primary school, GDSS Burthi, Boshikiri 2		

primary school (Dumna ward)		
Due to:		
Refusal of teachers to work in remote areas.	Community-based teachers' identification and recruitment should be adopted.	WDSC and Traditional leaders in collaboration with Councilors to identify and recruit voluntary teachers from the community.
	SBMC/PTA should identify potential teachers from among WAEC and NECO holders from the community for enrollment in teachers training institute.	WDSC, SBMC/PTA and Traditional leaders should identify potential teachers from among WAEC and NECO holders from the community for enrollment in teachers training institute.
Lack of staff accommodation	SBMC/PTA through the Community should provide accommodation for staff.	WDSC, SBMC/PTA in collaboration with their Councilors and stakeholders to source for local accommodation for staff.
	Ministry of Education, ADSUBEB and PPSMB to provide accommodation for staff.	Traditional leaders to liaise with the Councilors through the Member representing Guyuk in the State House of Assembly to lobby Ministry of Education, ADSUBEB and PPSMB to provide accommodation for staff posted to such Schools
	LGA chairman should construct staff quarters in the affected wards.	PTA, SBMC, WDSC, traditional/ religious leaders and ward councillor should lobby the director of works for the construction of staff quarters in the affected wards.
Inadequate employment of Qualified Teachers who are indigenes of those communities.	Ministry of Education, PPSMB and ADSUBEB should employ qualified teachers who are indigenes of the communities.	Traditional leaders through ward councilors and Chairman of Guyuk Local Government should lobby Ministry of education and ADSUBEB to employ qualified teachers who are indigenes of those communities.

OXFAM

Understaffing/overstaffing of some schools.	LEA and PPSMB should consider pupils/students population during posting.	SBMC, PTA, Councilors, LGA Chairman, Members of State House of Assembly should ensure that the ES ADSUBEB and ES PPSMB to consider students' population when posting teachers to schools.
2. Inadequate classrooms in Arah teh, Gwallam 1,2, 3, Dangu 1,2,3, Jankara primary school, and GDSS Arah teh, and Bobini (Bobini ward), Mada 2, Bodeno primary school GDSS Doma and Mada (Bodeno ward), GDSS Chikila, Fulsiye Primary school, Best centre Chikila, Jiu Mwamasi pri. Sch, Kwahama Primary school, Dangir Kas Primary school, Sili Primary school, Dangir Tudu Pri. Sch, GDSS Dangir, Sili Kasa Primary school, Chikila 1 primary school (Chikila ward), Banjiram 1, 2 and 3 Primary school, Gugu primary school, Kwadadai Primary school, Nomadic primary school (Banjiram ward), GDSS Angwan Krista Lokoro, Lamza primary school, Walu primary school, Dukul 1&2 primary school, Kawa primary school and Gunda primary school, GDSS Hirijari; Jagira Primary School; Guyuk 4 Primary School (Guyuk Ward), Nasarawo Primary School; Zabinsonka Primary School (Purokayo Ward), GDSS Kola, Kerau thelble Primary school, Kerau primary school (Kola ward) GDSS Burthi, Boshikiri primary school, Dumna lamko primary school, Dumna Dutse primary school (Dumna ward)		

Due to:		
i. Increase in school enrolment.	The Adamawa State Ministry of Education and ADSUBEB should construct additional classrooms.	WDSC, traditional and religious leaders, ward councillor, SBMCs and PTAs should lobby the Honourable Commissioner, Ministry of Education; and Execution Chairman, ADSUBEB, respectively for the construction of additional classrooms in the affected schools.
	Community members should construct more classrooms	PTA, SBMC, WDSC, Traditional/religious leaders should organize a fundraising for the construction of additional classrooms
	Ministry of Education (MOE) should construct additional classrooms in the affected schools	SBMC, PTA, Councilor, traditional and religious leaders should lobby Commissioner of MOE to construct additional classrooms in the affected schools
	LGA Chairman should construct additional classrooms in the affected schools	SBMC, PTA, Councilor, traditional and religious leaders should lobby Director works for the construction of additional classes in the affected schools
Lack of Community support	Community should construct schools	WDSC through the traditional leaders should organize appeal fund to raise funds to establish community schools
Dilapidated classrooms	PTA, SBMC, community members should renovate the dilapidated classrooms	WDSC, SBMC, PTA, Traditional and community leaders should organise a fundraising for the renovation of the dilapidated classrooms
	ADSUBEB should renovate the dilapidated classroom	WDSC, SBMC, PTA, Traditional and community leaders should lobby the Executive chairman ADSUBEB for the renovation of the dilapidated classrooms in the affected areas
	Ministry of Education (MOE) should renovate the dilapidated school	SBMC, PTA, Councilor, traditional and religious leaders should lobby Commissioner of MOE to renovate the dilapidated school
	UNICEF should renovate the dilapidated classrooms	SBMC, PTA, Councilor, traditional and religious leaders should lobby UNICEF

OXFAM

Non rehabilitation of collapse class rooms in schools.	PTA, SBMC, philanthropist to embark on building of classrooms or rehabilitate the collapse.	through the Education Secretary WDSC through the councilors should lobby the LGA chairman for the building and rehabilitation of schools.
3.Inadequate teaching instructional materials in Dangir 2 primary school, Jiu 2 primary school, Sili centre primary school, Sili Tudu primary school, Chikila 3 primary school, Gwasilwa primary school (Chikila ward), Kwadadai primary school, Gugu primary school (Banjiram ward), All schools in Guyuk and Purokayo wards, All Primary and Seconadry scholls in Dumna and Kola wards		
Due to:		
Inadequate supply of instructional materials	- SBMC/PTA to provide more instructional materials to the affected schools - Adamawa State Ministry of Education, PPSMB and ADSUBEB to supply more instructional materials to the affected schools. - Development partners/NGO's/CSO's to provide more instructional materials to the affected schools - Teachers should improvise	- WDSC, SBMC/PTA should improvise local instructional materials to compliment Government efforts. - WDSC, SBMC/PTA and school supervisors to lobby Education Secretaries and Zonal Inspectors of Education to report to relevant Authorities about the shortage of instructional materials in the identified Schools. - WDSC, SBMC/PTA should lobby Development Partners/NGO's/CSO's to support in providing instructional materials to compliment Government efforts. - WDSC and SBMC should encourage teachers

	instructional materials.	to improvise instructional materials
• Diversion of instructional materials by teachers and administrators	• SBMC to ensure close monitoring of instructional materials supplied to schools.	• WDSC, SBMC/PTA and Councilors should set up a monitoring committee.
4. High rate of illiteracy in all communities of Lokoro ward, and Walu, Lamza, and Tudul of Dukul ward		
Due to: • High rate of poverty and parental negligence.	• Provision of skill acquisition as an alternative Education by the ministry of entrepreneurship and social development, development partners and philanthropist.	• Members of the WDSC together with their community members should engage and solicit for support from Philanthropist and development partners for the construction of skill acquisition centers in the affected communities.
